

MEC Driver LED 1-channel module radio/ ZigBee

Product number: 7061427
Configuration: 24 V

Configuration options

7061426 | 12 V
7061427 | 24 V

✓ Accessory

With a ZigBee 1-channel function module, up to four lights can be connected to **one** channel and controlled via remote control, ZigBee network or smart home (e.g. Alexa/Hue/Paulmann/Ikea).

When using the 1-channel module, **one** light group can be controlled separately.

Each 1-channel module can be individually assigned to the 4-channel remote control. The module can be used together with other function modules on one converter. It can be deployed with single-colour and colour change lights.

- white
- 1-channel, 4 LED outputs
- max. 3 A per output, max. 5 A total
- control via remote control or smart home
- ZigBee Mesh even without a bridge (components connect to each other)
- simple teach-in
- switchable between emotion and single colour LEDs
- can be switched between colour change and single-colour lights
