ARMATE® SERVIZIO Namor®

ARMATE® SERVIZIO Namor®

Stainless steel faucets with exquisite design and the utmost precision. From Naber!

Namor® 5
Stainless steel finish

All models in the Namor® range feature the Naber logo and are manufactured to the highest standards of **quality and expertise**.

The **three different model lines** made of **high-quality stainless steel 304** all come in the attractive finishes **stainless steel**, **powder-coated matt black** and **PVD-coated gunmetal**. The models Namor® 2, 4 and 6 have a convenient **pull-out shower head**.

All Namor® high-pressure faucets are equipped with a **laminar aerator** as standard. This generates a soft, natural flow with a non-splashing, quiet jet of water and **low water consumption**. The swivel range of 120° gives the Namor® faucets sufficient freedom of movement for any sink. All Namor® faucets are equipped with at least **700 mm long connection hoses** for extremely **simple installation**.

**5 years
Manufacturer's warranty**
(apart from wearing parts)

Factory customer service
(Germany, Austria,
the Netherlands)

**Energy-saving
Cold-Start
technology**

**Smooth-running
high-quality cartridge**
with ceramic discs

Product overview of all
Armata® SERVIZIO
premium faucets →

Click fastening and clip weight on the shower hose.

Tool-free release of the connection by push-button locking.

Min. 700 mm connection hoses.

Solid stainless steel 304 in three finishes

- Stainless steel
- Black matt, powder-coated
- Gunmetal, PVD-coated

For sinks in front of a window

Window faucets

Namor® 1, 3, 4 and 5 are now also available as window faucets for use in front of windows. The faucets allow easy opening of windows behind the sink, which makes them ideal for small kitchens with limited space. They are removable and offer the perfect combination of impressive functionality and timeless aesthetics. The Namor® window faucets 1, 3 and 5 also impress with a height of only 25 mm when tilted. This gives you more flexibility when planning a kitchen.

Namor® 4

Namor® 5

For kitchens with under-sink water heaters

Low-pressure faucets

The models Namor® 1, 3, 5 and 7 are also available as low-pressure faucets. With their reliable connection to a cold water valve and an under-sink appliance, they guarantee a convenient supply of cold and hot water.
