

Adapter cable

Product number: 7012053
Configuration: 10 m, 3 x 1,5 mm²

Configuration options
7012053 | 10 m, 3 x 1,5 mm²

✓ Connecting materials
10 m adapter cable with box coupling (ready to plug in). Enables simple connection of 230 V devices to the Energy Box.
Oven power (3-pin connection) max. 3680 W (1-phase) and EPN1104 connector.

The use of a power strip to connect multiple consumers via a box coupling is not allowed for safety reasons.

Technical data

Article type	Connecting materials
Width	10.000 mm
Mains voltage	230 V
Max. connected load	Oven power (3-pin connection) max. 3680 W (1-phase) and EPN1104 connector
Note	The use of a power strip to connect multiple consumers via a box coupling is not allowed for safety reasons

Suitable for	enables simple connection of 230 V devices to the Energy Box
Length of the supply line (primary)	10.000 mm
Wiring	3 x 1.5 mm²
With shell coupling	ready to plug in

Recommendations

7012050	Energy box, Distributor, per 2 m cable length
7012051	Energy box, Distributor, per 5 m cable length
7012052	Energy box, Distributor, 5 m/2 m (supply line) cable length
