

AEG instant water heater

Product number: 6011046

Configuration: white

Configuration options

6011046 | white

- ✓ Hot water tank
- ✓ pressure-free (open) & pressure resistant (closed)
- ✓ IP24

Instant water heater. For under-sink installation. Space-saving hot water appliance: instant and unlimited hot water at one or more outlets in flats and houses, e.g. in the kitchen (for space-saving installation under the sink) or at the washstand and hand wash basin.

— for a 400 V high-voltage connection, 16/20 A

— temperature internally adjustable from 20–60 °C

— constant water temperature

— scald protection

— selectable output of 11.2 or 13.5 kW

— including remote control

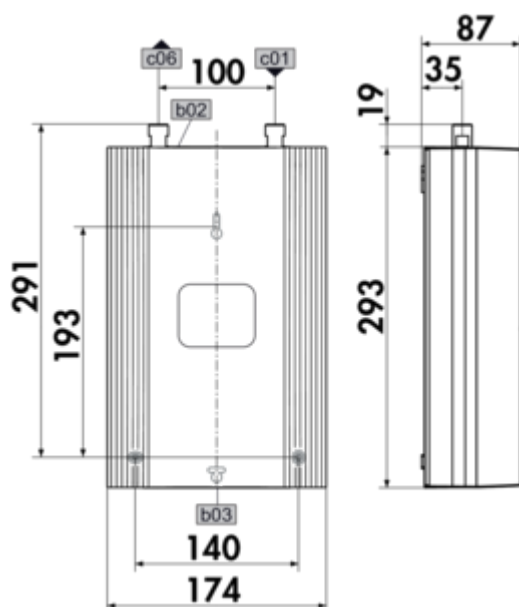

— simple installation remote or direct water draw-off; suitable for both high-pressure (closed) and low-pressure (open) taps

— suitable for solar heating up to 60 °C

— VDE tested

Scope of delivery:

- 1 x AEG DDLE Kompakt 11/13 FB instant water heater with remote control
- 1 x plug
- 1 x 3/8" connecting hose (500 mm, including seals)
- 1 x 3/8" T-piece for pressure-resistant installation
- operating and installation instructions

Technical data

Article type	Hot water tank	Length of connection cable (secondary)	500 mm
Height	293 mm	Operating mode	Cable
Width	174 mm	Certification	CE VDE
Material	plastic	Temperature setting	continuous temperature setting of 20–60 °C
Energy efficiency class	A	Print type	pressure-free (open) & pressure resistant (closed)
Mains voltage	400 V	With earthing contact plug	Yes
Protection class	IP24	Under-sink unit version	with earthing contact plug and wall mounting strip
Plug type	Angle plug	More parts	1 plug 1 connecting hose 3/8" (50 cm, including seals) 1 T-piece 3/8" for pressure-resistant installation operating and installation instructions
Further	safety temperature limiter can be reset by pulling the mains plug	Rated current	18.7/19.5 A
Thermal insulation	compact insulation
