

Steam protection plate 1

Product number: 9015011

Configuration: L 450 mm, silver coloured

Configuration options

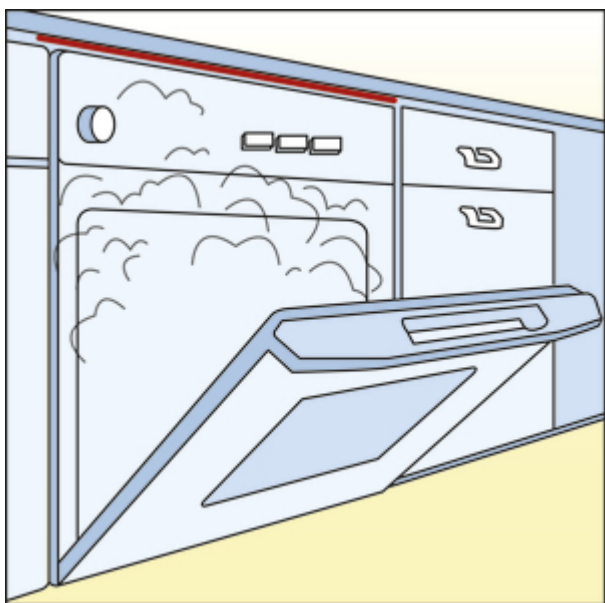

9015011 | L 450 mm, silver coloured

9015012 | L 600 mm, silver coloured

✓ Accessory

✓ Material: galvanized steel

The steam protection plate is fastened above the dishwasher door, on the lower edge of the worktop. It prevents the steam emitting when opening the dishwasher from penetrating the worktop and causing it to swell over time. Incl. mounting material.
