

LIC Home Base Module

Product number: 7061288
Configuration: white

Configuration options
7061288 | white

✓ System component
✓ 1.000 mm
✓ 230 VAC / 5 V

As gateway, the LIC Home Base Module enables the connection of LUMICA® FW function converters to smart home networks.

Requirements for operation
— existing Zigbee® Bridge (we recommend the Philips HUE Bridge)
— existing light control of the Lumica FW function converter series
— control via voice input, app or remote control
— voice control in combination with a Zigbee® Bridge and a smart speaker (e.g. Amazon Echo, Google Assistant, not compatible with Apple HomeKit)
— up to 4 luminaire groups can be controlled
— Existing light controls of the LUMICA® FW function converters series can be easily retrofitted.
— a 1-channel or 4-channel remote control is essential for training
— 230 VAC, 5 V
— 2.4 GHz
— 1000 mm supply cable with plug-in power supply unit

CE
