## SAFETY AND ENVIRONMENTAL INFORMATION

If the product is used correctly it does not pose health hazards.
Avoid bringing the magnet close to electronic equipment as it could interfere with their operation. The article is designed so that the various components can be separated and properly recycled or disposed of. The plastic housing can be removed as special waste CERO70213, the metal clip as ferrous metal CER160117, the magnet as undifferentiated dry waste CER200301.

## MAINTENANCE AND STORAGE OF THE PRODUCT

Avoid contact of the product with particularly aggressive substances such as detergents, degreasers, lubricants, oils and fats as the chemicals contained in them can degrade the polymeric structure of the plastic elements. For cleaning, use water and a soft cloth.
