 1111078 | for 1000 mm cabinet  
 1111084 | for 1200 mm cabinet

- ✓ Drawer insert
- ✓ Cabinet width: 300 mm
- ✓ metal

Suitable for all built-in multi-cutters and built-in toasters. The metal crossbars are needed if the clearance height is not sufficient for mounting, e.g. for under-floor guides or, to some extent, in case of handleless kitchens. If the standard crossbars are replaced by the thin metal crossbars, as a rule, 14 mm clearance height is gained.

Only suitable for cabinets with 16 mm wall thickness.
