

R-RBV flow 150 pipe bend 90°

Product number: 4052015

Configuration: white

Configuration options

4052015 | white

- ✓ Connecting element
 - ✓ Plug-in system for subsequent gluing
 - ✓ can be laid close to corners due to its very small inner radius
- Low-loss deflection due to integrated guide vane. With conducts integrated on both sides.
- Also suitable for direct hood connection.
 - Up to 70 % less pressure loss through guide vane technology. This results in considerably increased performance at reduced noise generation.
 - Can be laid close to corners due to its very small inner radius.
 - Optimal transition to all wall sleeves with round connector.
 - Ø 153 mm

Technical data

Article type	Connecting element	Shape	round
Width	211,5 mm	Connection diameter	153 mm
Material	Polystyrene	System dimension	150
Mounting/Fixing	Plug-in system for subsequent gluing can be laid close to corners due to its very small inner radius	Output drive	round
Note	also suitable for direct connection	Ventilation system	COMPAIR flow 150
Further	optimal transition to all wall sleeves with round connector up to 70 % less pressure loss through guide vane technology. This results in considerably increased performance at reduced noise generation
