

# WESCO® MULTI CONTAINERS 2026

## Multi containers

---

**Unmistakable, colourful, durable.**

WESCO® has been around since 1867. WESCO® has been part of Naber since 2024 — and is an inspiring, unmistakable, clever household highlight! After all, there's always something you need to throw away, keep or stock up on.

---

# Tradition and know-how

WESCO® products are unmistakable. More than 150 years of experience in high-quality metalworking and innovative development work: a winning combination of high-tech and tradition.

All WESCO® products are outstanding in design, technically perfect, versatile and always a lively element of the kitchen and living environment. Technologically advanced production and indispensable craftsmanship provide the finishing touch.

The WESCO® products are therefore an excellent match for Naber's unique range of kitchen accessories. So it is only logical that Naber has acquired the trademark rights to the WESCO® products. Many of them are now available in the new Naber product group and can be ordered quickly and conveniently in the webshop.

## WESCO® paper roll holder

If you don't have a proper place to store your kitchen roll, it's high time you got this practical roll holder!

## WESCO® Mini Grandy®

A box for all those little things you like to keep neat and tidy. It looks great anywhere!

For more information about Naber and WESCO®, visit our website at [www.naber.com/en/magazine/](http://www.naber.com/en/magazine/) or simply scan the QR code.

... eine Marke  
von Naber!

## The WESCO® range of products

WESCO® is fun, relaxed and timeless. That's why the WESCO® products fit into every home and every style. Whether subtle and understated or confidently in the foreground — they quickly become a welcome part of everyday life.

Your home. Your style.

WESCO® products are available in a whole range of bold and muted shades. Glossy colours can create an attractive contrast and are sure to catch the eye. The matt trend colours fit in with our contemporary lifestyle. And when the surroundings are understated in design, the harmonious shapes of the WESCO® products really come into their own.

## **WESCO® Waste containers** Page 08–17

---

### **Harmony of technology and design**

Wherever waste is generated. Whether kitchen, bathroom, office, gym, restaurant, practice.... WESCO® waste containers are always highly functional and visually appealing.

## **WESCO® Outdoor** Page 18–23

---

### **Beautifully designed ashtrays and waste collectors**

Whether you're relaxing alone on the terrace or gathering outdoors with a group: an outdoor ashtray or waste collector is soon needed. It should be dependable, weather-resistant, and come in a cheerful colour!

## **WESCO® Storage** Page 24–29

---

### **All-round containers for all your provisions**

For food, household items, cosmetics, costume jewellery or snacks. And many other things. WESCO® products always stand for cheerful design and reliable functionality.

## **WESCO® Laundry & bathroom** Page 30–35

---

### **Incredibly practical**

Whether laundry baskets, paper or toilet roll holders, small and large waste containers — especially where laundry and bathrooms are concerned, everything needs to be close at hand and easy to use. And WESCO® adds a splash of colour, too!

# High quality, successful functionality

A whole range of special details invariably tip the scales in favour of WESCO® products. Experience really does pay off! This can also be seen in everyday life: WESCO® keeps all its promises — even after many years of use, it remains an everyday favourite!

### Soft close

Thanks to built-in dampers, the lids of the waste collectors close almost without a sound.

### Robust waste flap

Thanks to the tightly closing flap, unpleasant smells stay in the collector.

### Stable

The sturdy foot pedal ensures easy operation and secure stability when opening.

### Practical hold

The practical fastening mechanism keeps bags securely in place.

### Tightly fitting lid

The tight seal makes these tins ideal for storing biscuits and cakes.

### Perfect ventilation

Ventilation holes on the back ensure optimal ventilation for bread and rolls.

### Ideal for laundry

Typical WESCO®: functional everyday solution with a cheerful appearance!

### Weather resistant

The ashtray with rain cover can be filled with sand and withstands any weather!

## Award-winning design

WESCO® products are not just well-known and popular, they are also award-winning! Their perfect combination of design, quality and appearance has repeatedly impressed expert juries. The result: a host of design awards!

# WESCO®

## Waste containers

Always positioned precisely where waste accumulates. Yet by no means a foreign body, they are an attractive part of the home or business ambience: the **WESCO® multi containers**.

The shapes are varied and ingenious. Round shapes are central features in the room, create a harmonious effect and balance out edges and corners. Rectangular collectors fit snugly against walls and corners, making optimum use of the space available. All the shapes have more volume than the dimensions of the base suggest.

The sizes are as varied as the rooms and needs of the users. From the **cosmetics bin** with the smallest volume and the **Mini Master®** for children's rooms or bathrooms to the **double waste collector** or the gigantic **Big Swing** for big quantities of waste – there is a wide choice of sizes and shapes.

The special charm: almost all models are available in a wide range of colours, from subtly understated to cheerful and lively.

The material is high-quality coated sheet steel. Anti-slip base structures provide stability, and built-in dampers mean that the lids close almost without a sound. Depending on the use, the inserts are made of plastic or metal. A sturdy foot pedal makes for easy operation and a firm grip when opening.

Clear design, reliable functionality, generous waste openings, odour-free sealing of the contents: quite simply the way waste collectors should be!

WESCO®

Outdoor

Elegant waste collectors and  
floor-standing ashtrays

■ Big Ash  
Wall ashtray

Page 21

Page 21

# WESCO® Outdoor

Where people gather outdoors, they often smoke. The **WESCO® ashtrays** have enough volume, look smart and, with their stability and functionality, are ideal for outdoor use. In shopping arcades, entrance areas, airports or restaurants, they also act as elegant eye-catchers and turn the necessary into something special.

The **WESCO® ashtrays** are available in either high-quality powder-coated sheet steel or stainless steel. With its attractive appearance and reliable functionality, the stand-alone model invites people to use it.

The ashtray in letterbox format for wall mounting can be locked on the side with a triangular socket wrench and is therefore particularly vandal-proof.

Good idea: the model **Big Ash** with an ashtray for filling with sand, sieve insert and 120 litres of waste volume. The large, coated roof protects the ashtray from the rain.

### Big Ash

- waste capacity 120 litres
- powder-coated sheet steel body
- **without insert**
- with sieve and interior fastening for bin liners

**8011691** red

**8011692** nickel silver

**8011693** graphite

## Storage

The fresh and hygienic storage of bread, rolls, pastries and many other things requires suitable storage containers. **WESCO®** provides intelligent optimised solutions!

The swing lid of the classic **Bread-boy®** glides almost soundlessly up and back. The generous opening makes the handling of baked goods easier, while small ventilation holes provide optimum air circulation to keep them fresh for longer.

**Grandy®** and **Single Grandy®** are the ideal bread boxes. Solid metal hinges give them reliable stability. Appealing colour combinations and rounded shapes are pleasing to the eye. The smallest model, the **Mini Grandy®**, is also ideal for storing jewellery or medicines or for small toys in the children's room.

The retro centrepiece **Single Elly®** is the perfect bread box for small kitchens. The storage and biscuit tins of the **Classic Line** model provide an attractive companion in shape and colour. Their tight-fitting lids are ideal for storing perishable provisions such as coffee, sugar or flour.

Kitchen rolls and toilet rolls are stored stylishly and ready to use in the **WESCO® paper roll holder**. 11 colours make for a lively selection. And, as with all **WESCO® containers**, the high-quality powder-coated sheet steel makes for indestructible durability.

# WESCO® Laundry & bathroom

Extremely functional and  
at home anywhere

■ Laundry box	Page 33-34
Bathboy 3L	Page 34
Paper roll holder	Page 34

# WESCO®

## Laundry & bathroom

Collecting dirty laundry in the right place, disposing of "small" items of rubbish, and keeping stocked up on kitchen roll and toilet paper should always be quick and easy. Getting it all done with ease requires the right accessories. The ideal solution: the airy laundry boxes, the smart small and large waste containers and the paper roll holder from **WESCO®**!

Personality and charm also play their part. These are precisely the qualities with which **WESCO® products** have won the hearts of end consumers for many years. Whether it's the **laundry box**, **waste collector** or the multi-

talented **paper roll holder**: they are good looking, perfectly proportioned, strong and sturdy.

So they are quick to demonstrate their excellent quality in use. And because they set visible yet restrained highlights with contemporary colours and balanced shapes, they are at home anywhere!

### Laundry box

The cheerful appearance of functional everyday solutions is typical of WESCO® products. With its dot design, the solid metal container of the laundry box radiates positivity. The airy insert has a volume of 32 litres. The duo variants come with two inserts. The difference between Duo 1 and Duo 2 is in the dimensions: in variant 1, the long sides of the inserts touch each other; in variant 2, the short sides. This flexibility means that the large-volume solution can also be accommodated in smaller spaces.

### Laundry box Single

- capacity 32 (1 x 32) litres
- powder-coated sheet steel body
- insert white perforated plastic

**8011801** white matt, 1 x 32 litres

WESCO

### I. Scope of application

1. The following Terms of Sale shall apply for all contracts concluded between the purchaser and us concerning the delivery of goods if the purchaser is a company (§ 14 German Civil Code [Bürgerlichesgesetzbuch, BGB]). These Terms also apply for all future contracts concerning the delivery of goods even if they are not expressly mentioned again. Conflicting terms of the purchaser that we do not expressly recognize are not binding for us even if we do not expressly contradict such terms. The following Terms of Sale shall also then apply if we carry out the purchaser's order without reservation and with knowledge of the contradictory or differing terms of the purchaser.
2. All agreements that were entered into between the purchaser and us for performing the purchase contracts are documented in writing in the contracts. The parties shall confirm all oral agreements in writing. If contracts are set out in both the German and also a foreign language, in the case of a dispute, the German language version is determinative.

### II. Offer and contract conclusion

1. We can accept a purchaser's order that is to be qualified as an offer to conclude a purchase contract within two weeks—for an order in the Naber dealer portal, 5 working days—by transmitting an order confirmation or by sending ordered products within the same time limit. The purchaser is bound to the purchaser's order for this time period.
2. Our offers are subject to change and nonbinding unless we have expressly identified them as binding.
3. All oral and written information concerning possible applications and the suitability of all goods are carried out to the best of our knowledge. However, this information only represents our historical experience, which cannot be deemed to be consistently warranted. This information does not form the basis for any claims against us. In particular, the purchaser is not relieved of the duty of ensuring by means of the purchaser's own inspection that the goods are suitable for the purchaser's intended use.
4. We reserve all rights of ownership, copyright and other industrial property rights in images, calculations, drawings, sample books, catalogs and other documents. The purchaser may only transfer these to a third-party with our prior written consent irrespective of whether we have designated these items to be confidential.

### III. Payment terms

1. All prices apply ex works without packaging and must be paid in Euros if not otherwise set out in our order confirmation. The statutory value added tax is not included in our prices. This will be separately disclosed in the invoice at the statutory amount on the date of invoicing.
2. The purchase price is due 10 days after the invoice is sent (invoice date) less a 2% discount, otherwise net (without discount) 30 days after the invoice date provided that no different payment target follows from the order confirmation. A payment is not deemed to have taken place until the funds are available for our use. In the event of payments by check, the payment is not deemed to have taken place until the check is cashed. For new customers we reserve the right to deliver against cash on delivery less a 2% discount. For orders with a value of goods up to € 50.00 net, we reserve a minimum quantity surcharge of € 6.50. In the case of a contract included with an agreement of "advance payment", the purchase price is due 10 days after the invoice date.
3. If the purchaser is in default in making payment, the statutory provisions shall apply (§ 288 BGB).
4. The purchaser is only entitled to set-off, even if a notice of defects or counterclaims are asserted, if the counterclaims have been conclusively adjudicated or are undisputed. The purchaser is only authorized to exercise a right of retention if the counterclaim is based on the same contractual relationship.
5. We reserve the right to request payment security and/or advance payments.
6. If the purchaser is in default of payment or if there is reasonable doubt concerning purchaser's ability to pay, we are entitled to declare all claims against purchaser as due for payment and/or to retain as yet outstanding deliveries in their entirety or in part or to withdraw from the existing contracts entirely.

### IV. Electronic Invoices

1. The customer agrees to receive electronic invoices in PDF or structured format (e.g., ZUGFeRD, EN16931).
2. Electronic invoices are considered delivered upon receipt by the customer.
3. The customer ensures that the provided email address is capable of receiving such invoices.

### V. Delivery and performance times, liability for delivery delays

1. Delivery dates or time limits that have not been expressly agreed to be binding are solely non-binding declarations. The delivery time stated by us shall not commence prior to complete clarification of the order and clarification of all technical questions. The purchaser must likewise properly and timely fulfill all obligations incumbent upon purchaser.
2. Force majeure cases, e.g. labor disputes, civil unrest as well as other unforeseeable damaging events for which we are not responsible, extend the delivery time period for the duration of the disruption insofar as the disruption demonstrably influences our ability to render the service. This also applies if these circumstances occur for our suppliers. If the disruption lasts for longer than four weeks subsequent to the expiration of the originally agreed scheduled date, each contracting party can withdraw from the contract. The withdrawal extends to the part of the contract not yet fulfilled, unless the partial performance to be provided is not usable by purchaser. No compensatory damage claims accrue to the purchaser from this situation.
3. If the underlying purchase contract involves a transaction for delivery by a fixed date within the

meaning of the BGB or the Commercial Code [Handelsgesetzbuch, HGB], we are liable according to the statutory provisions. The same applies if the purchaser is entitled, as a consequence of a delayed delivery for which we are responsible, to assert the discontinuation of his interest in the further fulfillment of the contract. In this case our liability is limited to the foreseeable, typically occurring damages if the delayed delivery is not based on an intentional violation of the contract for which we are responsible. We shall likewise be liable to the purchaser for delayed delivery according to the statutory provisions if this delay is based on an intentional or grossly negligent violation of the contract for which we are responsible. Our liability is limited to the foreseeable, typically occurring damages if the delayed delivery is not based on an intentional violation of the contract for which we are responsible. In any case the occurrence of a delay requires a reminder notice from purchaser.

4. Otherwise, in the event of a delivery delay for which we are responsible, purchaser can request a flat amount of compensation in the amount of 0.5 % of the value of goods to be delivered, however a maximum of no more than 5 % of the value of goods to be delivered.
5. Any further liability for a delivery delay for which we are responsible is precluded.
6. We are at all times entitled to make partial deliveries and carry out partial performance insofar as this is reasonable for the customer.
7. In the case of an agreement for "advance payment", we are not obligated to make the delivery until the funds invoiced are available for our use.

### VI. Transfer of risk, delay in acceptance, shipping/packaging

1. Loading and shipping are at the purchaser's risk. The regulations concerning a sale by delivery to a place other than the place of performance according to § 447 BGB shall apply even if the shipment is undertaken with our means of transport or by our employees.
2. We shall make every effort to take into consideration the wishes and interests of the purchaser with respect to the type of shipment and route; additional expenditures thereby required—also in the case of an agreed freight paid delivery—shall be at the purchaser's expense. A transportation insurance policy shall be concluded for the shipment if the purchaser expressly requests this with the order. The costs shall be billed to the purchaser and separately set out in the invoice.
3. We will not take back transportation packaging and all other packaging according to the packaging regulation; excepted from this are pallets. Purchaser must ensure the disposal of the packaging at its own expense.
4. If the shipment is delayed at the purchaser's request or due to the purchaser's fault, we will then store the goods at the expense and risk of purchaser. In this case a notice of readiness to dispatch is equivalent to shipment.
5. If the purchaser delays acceptance, we are then entitled to request compensation for the resulting damages and any additional expenditures. The same applies if the purchaser culpably violates duties of cooperation. With the occurrence of a delay in acceptance or the delayed payment of a debt on the part of the purchaser, the risk of accidental deterioration and loss of the goods passes to the purchaser.
6. We shall not assume any costs for returns that are not agreed with us in advance in writing or returns that are not expressly recognized as legitimate after evaluation of the reason for the return (e.g. incorrect delivery, defects, etc.). Should we incur costs for returns that are not agreed or not legitimate, we shall bill the purchaser/sender in the amount of the actually incurred third-party costs as well as our own costs.

### VII. Warranty/liability

1. We do not assume any warranty for defects that arise due to natural wear and tear, faulty or negligent treatment, improper storage, inappropriate or improper use or nonobservance of the processing and use instructions. If the delivery takes place according to drawings, specifications, samples, etc. of purchaser, the purchaser assumes the risk of their suitability for the intended use.
2. The purchaser's claims for defects shall only exist if purchaser has properly complied with purchaser's duties of inspection and providing notice of defects. Therefore, purchaser is obligated to promptly provide notice of apparent defects in the goods upon receipt. In the case of hidden defects that purchaser cannot ascertain upon receipt of the goods, purchaser must promptly give notice of defects subsequent to their discovery.
3. In the case of a complaint, we are entitled at our option to request that purchaser send us the rejected goods for inspection or for subsequent performance or make the rejected goods available to us. We shall only bear the costs of this shipment in the case of a legitimate complaint.
4. In the case of a defect we are entitled to carry out the subsequent performance of our choice by means of a replacement delivery or by repairing the defective goods within a reasonable grace period. There is no duty of subsequent performance insofar as we are authorized to refuse subsequent performance on the basis of statutory provisions. In our selection of the type of subsequent performance, we must take into consideration the type of defect and the legitimate interests of the purchaser. We shall bear the expenses necessary for the purpose of subsequent performance. We shall not bear the additional cost that arises thereby that the goods have been transported to a different location than the place of performance or the registered commercial offices of the ordering party unless this transport is in conformity with the intended use of the goods.
5. If the subsequent performance fails, purchaser can elect a decrease in the purchase price (reduction) or declare purchaser's withdrawal from the contract. If the purchaser withdraws from the contract, purchaser is not entitled to an additional claim for compensation for damages unless we are responsible for the defect due to intentional acts or gross negligence. If only part of the delivery of goods is defective, purchaser can only then withdraw from the entire contract if purchaser does not have any

- interest in the remaining part of the delivery.
6. Purchaser's claim for recourse by virtue of warranty claims and rights arising from consumer goods purchase contracts (§§ 474, 478 BGB), may only be asserted against us by purchaser to the extent that purchaser is obligated to satisfy warranty claims and rights towards purchaser's customers on the basis of statutory provisions. The claim for recourse against us is excluded to the extent that purchaser has a warranty or liability obligation towards purchaser's customers in the absence of a legal obligation, in particular, as a gesture of goodwill or on the basis of special assurances or guarantees of the purchaser.
  7. The claims and rights owing to a defect in the goods may only be asserted by purchaser within the warranty period of twelve months after delivery of the goods. This does not apply for claims and rights for which longer notice periods are mandatorily prescribed according to § 438 paragraph 1 No. 2 BGB for construction, and objects for construction (construction materials) or according to § 445b BGB for the recourse claims of a company.
  8. We are liable according to statutory provisions for damages to life, the body and health that are based on a negligent or intentional violation of duties by us or our legal representatives or our vicarious agents as well as for damages that are encompassed by liability under the Product Liability Act. We are liable according to statutory provisions for damages that are not comprehended by sentence 1 and that are based on intentional or grossly negligent contract violations as well as deceit by us, our legal representative or our vicarious agents. However, in this case the liability for compensatory damages is limited to foreseeable, typically occurring damages insofar as we, our legal representative or our vicarious agents did not act intentionally. To the extent that we have provided a guarantee of quality and/or durability with reference to the goods or parts thereof, we shall also be liable within the framework of this guarantee. However, for damages that are based on a lack of quality or durability as guaranteed, but that do not occur directly with regard to the goods, we are only then liable if the risk of such damages is obviously comprehended by the guarantee of quality and durability.
  9. We are also liable for damages that are caused by simple negligence insofar as the negligence is related to the violation of those contractual obligations the observance of which are of particular importance for achieving the purpose of the contract (material obligations). In this case, however, our liability is restricted to typically foreseeable damages.
  10. Any further liability is excluded without considering the legal nature of the claim asserted; this also applies in particular for tort claims, for claims for reimbursement of futile expenditures in place of performance, or for compensation claims for lost profits. Insofar as our liability is excluded or limited, this shall also apply for the personal liability of our personnel, employees, staff, representatives and vicarious agents.
  11. Purchaser's compensatory damage claims on account of a defect are time-barred one year after delivery of the goods. This shall not apply in the case of injuries to life, the body, or health for which we, our legal representatives or our vicarious agents are at fault or if we or our legal representatives have acted in an intentional or grossly negligent manner, or if our ordinary vicarious agents have acted intentionally.
  12. Our sales representatives and commercial agents are not authorized to make legally binding statements with regard to defects and warranty claims for us.

## VIII. Retention of Title

1. a) The delivered goods (goods subject to retention of title) remain our property (extended retention of title) until all claims are satisfied against the purchaser, including all outstanding balance claims from a current account to which we are entitled arising from the order and the entire business relationship.
1. b) To the extent that an extended retention of title is not applicable in the country in which the purchaser has its registered office, the delivered goods remain our property (ordinary retention of title) until all claims to which we are entitled against the purchaser from the respective order have been satisfied, including taxes, charges or transportation costs.
2. In the case of purchaser's conduct contrary to the contract, e.g. delayed payment, we are entitled to take back the goods subject to retention of title after setting a reasonable time limit in advance; if it is unnecessary to set a time limit according to the provisions of the law, we are also entitled to demand the return of the goods subject to a retention of title without a grace period. If we take back the goods subject to a retention of title, this represents a withdrawal from the contract. If we levy execution against the goods subject to a retention of title, this is a withdrawal from the contract. We are entitled to realize on the sale of the goods subject to a retention of title subsequent to taking them back. After deducting a reasonable amount for the cost of realizing the sale, the proceeds from the sale shall be settled against the amounts owed to us by purchaser.
3. Purchaser shall treat the goods subject to a retention of title with care and sufficiently insure these goods at their original value against losses due to fire, water damage and theft. Maintenance and inspection work that become necessary must be timely carried out by purchaser at purchaser's expense.
4. The purchaser is authorized to sell and/or use the goods subject to a retention of title in the ordinary course of business as long as purchaser is not in default in payment. Pledging and transfers by way of security are impermissible. Claims arising from resale of the processed or unprocessed goods subject to a retention of title, or arising for another legal reason (insurance, unlawful acts) with respect to the goods subject to a retention of title (including all outstanding balance claims from a current account) are already transferred by purchaser to us as security in the amount of the final invoice amount (including VAT) for our claims against the purchaser; we hereby accept the assignment. We revocably authorize purchaser to collect the claims assigned to us in the name of purchaser and for

- purchaser's account. This collection authorization can be revoked at any time if purchaser does not properly comply with purchaser's payment obligations.
5. For the purpose of assigning this claim, purchaser is also not authorized to collect claims by way of factoring unless an obligation of the factoring party is at the same time created to directly effectuate payment of consideration to us in the amount of the claims for as long as our claims against the purchaser exist.
  6. Processing or reshaping the goods subject to a retention of title by purchaser shall in any case be undertaken for us. If the goods subject to a retention of title are processed with other items not owned by us, we shall acquire joint ownership in the new item proportional to the value of the goods subject to a retention of title (final invoice amount including value added tax) along with the other processed items on the date of processing. The same shall apply for the new item emerging from the processing as for the goods subject to a retention of title. In the case of the inseparable combination of the goods subject to a retention of title with other items not owned by us, we shall acquire joint ownership in the new item proportional to the value of the goods subject to a retention of title (final invoice amount including value added tax) along with the other combined items on the date on which they are combined. If the purchaser's item is to be viewed as the primary item as a consequence of this combining, the purchaser and we agree that purchaser transfers proportional joint ownership to us in the item; we hereby accept this transfer. Purchaser shall preserve the sole or joint ownership in the item arising in this manner for us.
  7. In the event of attachment by third parties against the goods subject to a retention of title, in particular, levies of execution, purchaser shall call attention to our ownership and immediately inform us so that we may enforce our rights of ownership. To the extent that the third-party is not in the position to reimburse us for the court and out-of-court expenses arising in this connection, purchaser is liable therefor.
  8. We are obligated to release the security to which we are entitled to the extent that the realizable value of our security exceeds the claims to be secured by more than 10%; in so doing, the selection of the security to be released is at our discretion.

## IX. Images and dimensions

Images, technical information and dimensions in brochures and price lists shall not be deemed to be a binding agreement and not a promised characteristic. These only represent approximate values. Binding information can be provided in an individual case upon request. Special suitability may not be taken from the images and dimensions. We expressly reserve the right to make modifications.

## X. Place of performance, venue, applicable law

1. The place of performance for deliveries and payments (including actions regarding checks and bills of exchange), is, if not otherwise expressly specified, our registered office in Nordhorn.
2. The exclusive local jurisdiction and international court of competent jurisdiction is in the location of our registered office in Nordhorn (Germany). However, we are also authorized to sue the purchaser in purchaser's place of general jurisdiction (domicile or registered office).
3. The business relations between the contracting parties are regulated exclusively according to the law applicable in the Federal Republic of Germany excluding international private law (Introductory Statute to the Civil Code [Einführungsgesetz zum Bürgerlichen Gesetzbuch], EGBGB). The application of the UN Convention on Contracts for the International Sale of Goods is excluded.
4. Should a provision of these general Terms of Sale (or within the framework of other agreements) be or become invalid or unenforceable entirely or in part, this shall not affect the validity of all other provisions or agreements. The contracting parties hereby commit to replace the invalid or unenforceable provision or agreement with a valid or enforceable provision or agreement most closely in conformity with the commercial provisions.
5. The headings for the individual regulations of these delivery and payment terms only serve to provide a better orientation and do not have any independent substantive content and no legal significance.
6. The purchaser's data related to the business transactions with purchaser shall be processed according to the Federal Data Protection Act.

## XI. Precedence of the German version

If these Terms of Sale exist in different languages, the German version is solely decisive for clarifying questions of interpretation.

Naber GmbH

Managing Directors: Lasse Naber, Ralf Brümmer und Ulrich von Wuthenau

# Components for top successes

For many decades, Naber has been racking up success after success! The key factors here are the valuable components that have always provided a targeted and effective course for the company's development. At the very top of the list is Naber's inspiration: the unerring flair for products with a touch of the extraordinary from our own development department or from renowned designers and manufacturers. The most recent example: the unmistakable, vibrant multi-containers from WESCO®, for which Naber has acquired the trademark rights. Further components are the lightning-fast online shop, exemplary service, strong logistics and customer proximity wherever you are. But every success is powered by people. That is why Naber has always consistently focused on a trusting relationship with employees and customers – partners on a fascinating journey!

# Strong service, virtuoso logistics.

Today, service and logistics face increasingly complex tasks, but also new opportunities. The use of information speed and ever closer networking of all market partners is best achieved through Naber's established strengths: high flexibility, collaborative thinking, rapid response to customer requests, clear communication, enthusiastic employee commitment. It is in keeping with the company's ethos that the active promotion of these qualities will continue to be a prerequisite for expansion and market success in the future. Only in this way can logistics function meticulously and smoothly on the basis of the best technology and constant process optimisation!

There is no way around Naber in the kitchen! The guiding principle of innovatively leading the market as a driving force with inspired development ideas is always met with respect and recognition. This is reflected in the growing number of prizes and awards. Furthermore, Naber has consequently been chosen by the prestigious F.A.Z. Institute as one of "Germany's Innovation Leaders".

## Perfectly orientated

The Naber product catalogues have always been a sound basis for orientation for all professionals in the trade.

## Values in motion

Naber and reliable logistics partners move more than 2000 parcels and 200 pallets every day, often enough within the tightest of time frames.

## Head office in Nordhorn

With its creative design and state-of-the-art logistics centre, the Naber company building stands for unconventional thinking and perfect service.

## Magazine & shop

On our website, you will find our shop as well as thematic insights into our product groups.
