Highlights in autumn

There are surprises in store! The **highlights in autumn** are diverse, feature completely new products, the latest additions to the range – and a **fresh product group!** In detail:

"**Next level lighting control**" is the motto of **LUMICA®**: the **Naber MEC converter system** (suitable for 12 and 24 V) makes control solutions for attractive lighting scenarios extremely simple – and with the current ZigBee 3.0 standard, it provides greater compatibility with living room lights from other manufacturers. **MEC** comes with modules for various sensors, enabling countless options.

ARMATE® has added some important updates to the high-quality **stainless steel faucet series Namor®**: **Namor® 1, 3 and 5** (in stainless steel look or matt black) are now also available as low-pressure single-lever mixers and as window faucets. **Namor® 3 and 4** are also available in the current **trend colour Gunmetal**. The low-pressure faucet **Namor® 7** (stainless steel or matt black) with its self-confident L-shape is entirely new.

The extensive **TABLON® interior range** is further rounded off by a variety of new chairs and stools. Clear Scandinavian design meets trendy colours and water-proof, extremely durable fabrics.

VIVACE is the name of our fresh product group with the categories **waste collectors, outdoor** and **storage**. All multi-containers work perfectly and are imaginative, colourful and extremely robust. **Invented by WESCO, systematically continued by Naber!**

LUMICA® MEC converter – "next level lighting control" with a clear structure and countless options

Namor faucet series® with new single-lever mixers – including low-pressure and window faucets

TABLON® – new chairs and stools enhance the comprehensive interior range

Namor®

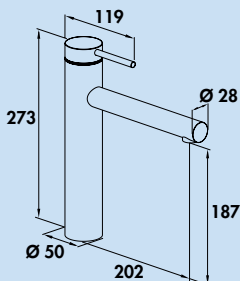

The high-quality stainless steel Namor® series of faucets stands for three contemporary design concepts and guarantees maximum user benefits in all shapes and forms. Whether stylishly linear, self-confidently L-shaped or elegantly C-shaped – Namor® kitchen faucets convince with their aesthetic perfection and technical precision. In every design, the Namor® faucets impress with their slender lever and their stainless steel and matt black colours. Each design includes two versions: the faucet with swivelling outlet and the faucet with swivelling and pull-out hose with shower head.

With a five-year manufacturer's guarantee, we provide comprehensive customer service in Germany and Austria.

Stainless steel

5 years manufacturer's warranty (except on wearing parts)

Factory customer service in Germany, Austria and the Netherlands

Aria

NEW!

Aria combines the best possible ease of use with a strong and glamorous appearance. The flexible hose is elegantly mounted at the front, where it can easily be detached and moved in all directions. The swivelling range of 360 degrees enables further radius of operation. This new form of absolute versatility is matched by the stunning design. Robust and elegant all at once, Aria is a statement of professionalism in the kitchen. It is available as a striking eye-catcher in a single colour and as a glamorous centrepiece for the kitchen in a two-colour version. The energy-saving Cold-Start technology is integrated.

10 years manufacturer's warranty (except on wearing parts)

Factory customer service in Germany and Austria

Kristea

NEW!

Kristea impressively demonstrates the great care and attention that has gone into creating a contemporary and yet timeless faucet design. The perfect synopsis of the round and the angular produces a high outlet, which exudes pure aesthetics in three trendy colours. Each colour stands for its own furnishing style: from contemporary with matt black to rustic with matt graphite and art deco with brushed gold. Technically, Kristea impresses with utmost precision and energy-efficient Cold-Start technology. The pull-out outlet and the largest possible swivelling range of 360 degrees provide for particular ease of use.

10 years manufacturer's warranty (except on wearing parts)

Factory customer service in Germany and Austria

Kristea

Single lever faucet. With **swivelling/pull-out** outlet, side lever, ceramic cartridge.
 — energy-saving cold start function
 — swivel range 360°

Pullboy Soft Comfort

NEW!

Waste collector as a front pull-out system with soft-closing mechanism and pull-out locking pins. Available with a fixed lid or with a pull-out lid system incl. anti-slip mat.

- full pull-out runners with self-closing mechanism + damper incl. pull-out safety lock, 30 kg load capacity, LGA tested
- due to its low depth of 330 mm, it still leaves enough space in the sink base unit for a siphon and other under-sink appliances
- the installation is very simple using the **Comfort Plus metal installation template**
- 3D positioning makes subsequent adjustment quick and easy

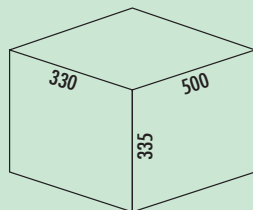

Pullboy Soft Comfort 335 K/450-2

With a fixed lid. Incl. pull-out locking pins.

- waste volume 22 (2 x 11) litres
- dimensions: 412 x 335 x 330 mm (W x H x D)
- installation: side wall mounting with front panel
- waste system with soft retraction and damping
- for 16/19 mm side walls

8011122 anthracite

260.50 €

MEC converter system

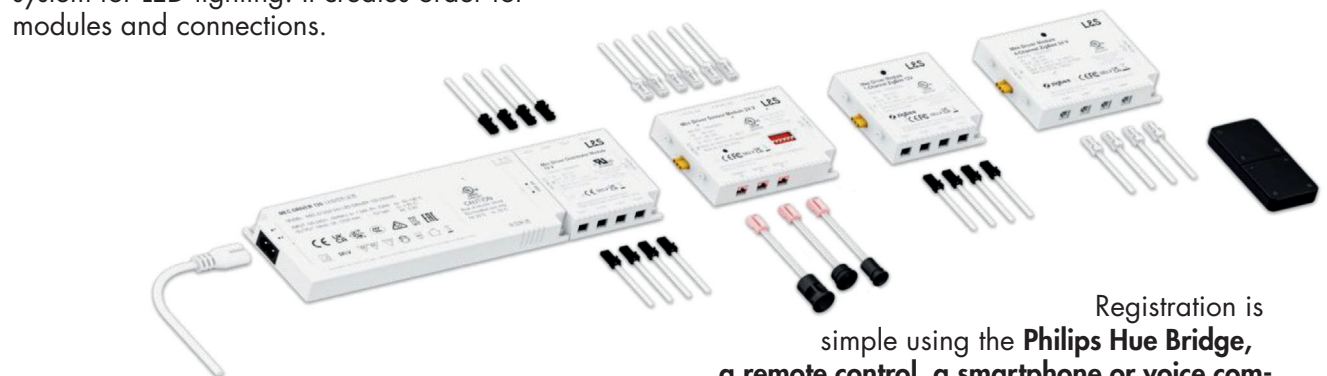

Smart Home Lighting 2.0 –
perfectly simple, simply perfect!

Innovative light control with clear structure and countless options

Light control next level! With the **Naber MEC converter system**, jumbled cables and wireless connections for individual room lighting design are a thing of the past. Because the **MEC converter** and the **MEC modules** make even complex control solutions for attractive lighting extremely simple and space-saving!

It sounds promising at first: combining and controlling different lights or groups of lights in the kitchen and other rooms as required. However, the more lights are integrated and the more attractive lighting scenarios are required, the harder it is to keep a clear overview.

But the **MEC converter system** tidies things up! **MEC** is a modular power supply and control system for LED lighting. It creates order for modules and connections.

One or more function modules are plugged into the **converter available with four power levels** in order to switch lighting as desired via various sensors, a remote control or even a smart home system. Perfect and simple!

Because the **MEC converter** can output both 12 and 24 volts via the pluggable function modules, **for the first time both voltages can be sup-**

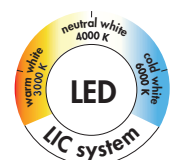

plied via a single converter. Thanks to the freely combinable modules connected in series, the **MEC converter system** offers a wide range of individual lighting solutions.

The MEC system is also **extremely compatible.** Because, in addition to control via a 4-channel ZigBee remote control, the MEC system can also be combined with existing LED lights. The simple registration of lights in the current Zigbee 3.0 standard allows Naber LED lights from the LUMICA® LIC range to be controlled **together with existing living room lights from other manufacturers.**

Registration is simple using the **Philips Hue Bridge, a remote control, a smartphone or voice command.** Everything is clearly connected, quickly and safely set up and, above all, **very easy to operate!**

All Naber lights with this symbol can be combined with each other and controlled via the converters and function modules, or can also be operated as individual lights.

MEC converter system

Smart Home Lighting 2.0 – system components

A. Naber components

Converter

Modular power supply and control system for LED lighting, 12 V and 24 V, power 18 to 120 W.

Light(s)

All Naber lights with the LIC LED system symbol

Modules

Verteilermodule, 12/24 V

8 outputs, standard configuration. For connecting up to 8 lights.

Switching module, 12/24 V

For switching up to 3 light groups via wired sensors

1- or 4-channel radio/ZigBee module, 12/24 V

For connecting up to 4 lights or groups of lights, with control via remote control, smartphone or smart home ZigBee 3.0 network.

Wired sensors

For connection to the switching module.

Sensor IR/door contact

Motion detector

Switch on/off

Connecting cable

Optional accessories

MEC converter connection cable, 100 mm, 12/24 volt

Remote control

Remote control 1-channel or 4-channel

Stepless or gradual adjustment of colour temperature and dimming. Simple integration into ZigBee 3.0 smart home applications. Colours: black or white.

B. On-site components

Smart speaker

e.g. Amazon Echo Dot 4, Google Home

ZigBee Bridge

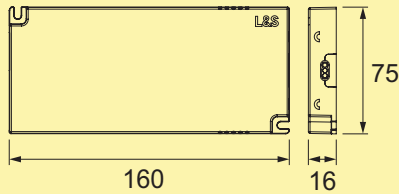

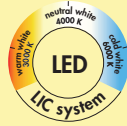

e.g. Philips Hue

Internet router

Commercially available Internet router (e.g. AVM Fritz!Box)

The functioning of the LUMICA® MEC 1- or 4-channel radio/ZigBee module with Amazon Alexa and Google Assistant as well as the Philips Hue Bridge was tested at the time this catalogue page was created. We have no control over any changes or further development of the apps carried out since then. We make no claim to the accuracy and completeness of the information. Other intelligent personal assistants (IPA, voice assistants) can also be used. Please observe the instructions for use of the respective provider. – **Not compatible with Apple HomeKit!**

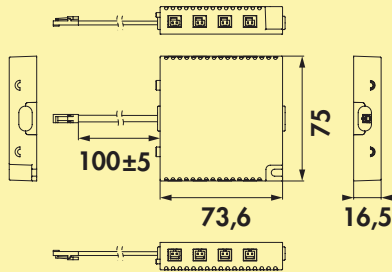

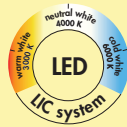

MEC Driver LED converter

NEW!

- white
- 12/24 VDC
- 2000 mm mains connection line
- connection values (watt) of the individual converters are to be observed (watt)

7061400	18 W, 12/24 V	35.38 €
7061401	36 W, 12/24 V	51.09 €
7061403	60/72 W, 12/24 V	96.72 €
7061405	120 W, 24 V	134.62 €

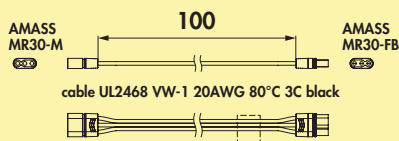

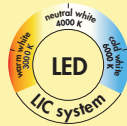

MEC Driver LED distributor module

NEW!

- white
- 12/24 VDC, max. 3 A per outlet, max. 5 A total
- 8 LED outlets

7061407		21.68 €
7061408		21.43 €

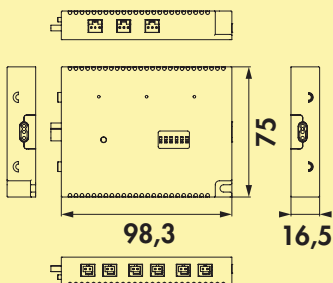

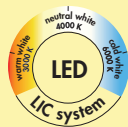

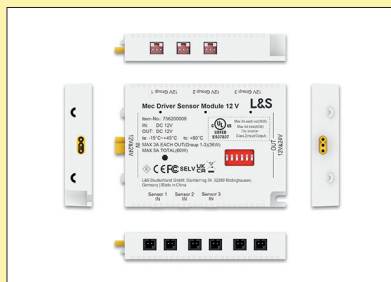

MEC Driver LED connecting line

NEW!

- For flexible connection of converters and function modules.
- black
 - 12/24 V, 5 A

7061409	L 100 mm	6.72 €
----------------	----------	---------------

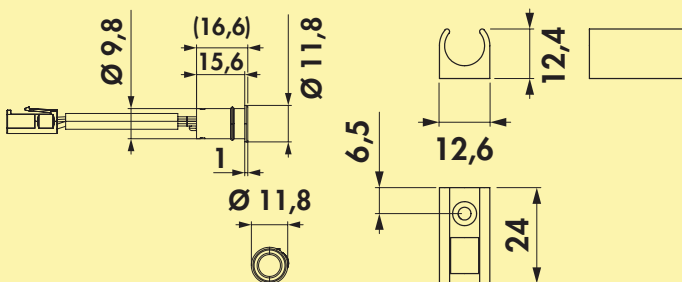

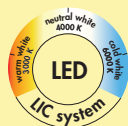

MEC Driver LED switching module

NEW! CE

- white
- max. 3 A per outlet, max. 5 A total
- control via wired and/or wireless sensors (IR, capacitive or motion detectors)
- 3 light groups with 2 LED outlets each
- group switching (3 groups) or cross switching of the LED outlets
- light colour can be set using the DIP switch (Emotion light required)

7061412	12 V	97.31 €
7061413	24 V	97.31 €

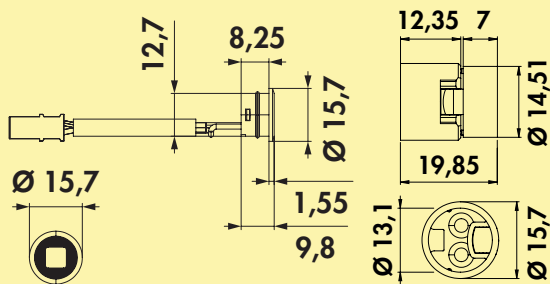

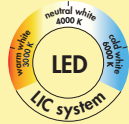

MEC Driver LED sensor IR/door contact

NEW! CE

- black
- use with the MEC Driver switching module
- dimmer or door contact function, depending on the function module setting
- setting of the run-on time via the function module
- range max. 50 mm
- connection line 2000 mm

7061414	sensor	11.68 €
7061415	attachment housing	4.54 €

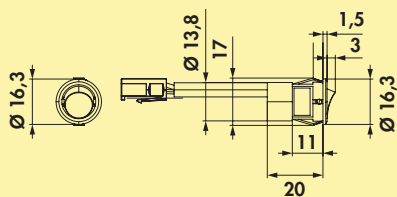

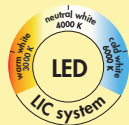

MEC Driver LED motion detector

NEW! CE

- black
- use with the MEC Driver switching module
- setting of the run-on time via the function module
- 2000 mm connection line

7061416	motion detector	27.98 €
7061417	attachment housing	8.99 €

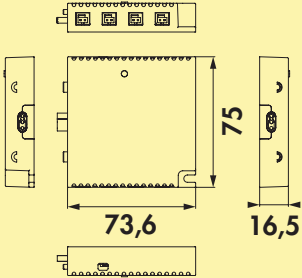

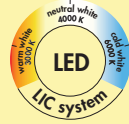

MEC Driver LED switch

NEW! CE

- wired
- ON/OFF switch for the MEC LED Driver switching module
- 2000 mm connection line

7061419	black	14.37 €
---------	-------	---------

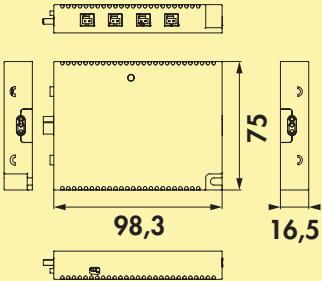

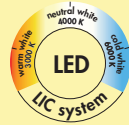

MEC Driver LED 1-channel module radio/ZigBee

NEW!

- white
- 1-channel, 4 LED outlets
- max. 3 A per outlet, max. 5 A total
- control by remote control or smart home
- ZigBee Mesh also without a bridge (components connect to each other)
- simple familiarisation
- can be switched between emotion and single colour LEDs

7061426 12 V	59.58 €
7061427 24 V	64.12 €

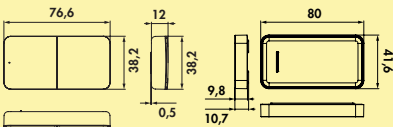

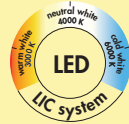

MEC Driver LED 4-channel module radio/ZigBee

NEW!

- white
- 4-channels with one LED outlet each
- max. 3 A per outlet, max. 5 A total
- control by remote control or smart home
- ZigBee Mesh also without a bridge (components connect to each other)
- simple familiarisation
- can be switched between emotion and single colour LEDs

7061428 12 V	83.78 €
7061429 24 V	83.78 €

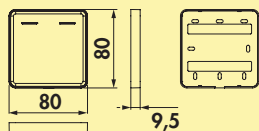

MEC Driver LED remote control 1+4 channel ZigBee

NEW!

- 4 channels
- control of LIC system LED lights via 1-channel and 4-channel module
- stepless control of the colour temperature and dimming level
- easy integration into existing ZigBee network

7061430 black	62.77 €
7061431 white	62.77 €

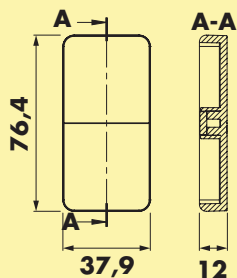

MEC Driver LED mounting plate

NEW! CE

— holder for **two** remote controls

7061432	black	6.05 €
7061433	white	6.05 €

MEC Driver LED blind cover

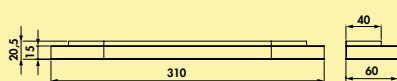

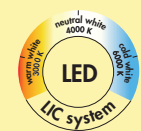

NEW! CE

— for MEC Driver LED mounting plate
— for mount for two remote controls

7061434	black	4.20 €
7061435	white	4.20 €

NEW!

Sun Beam colour change LED

CE

Lamp for mounting from below. Plastic housing with glass, illumination without visible LED spots.

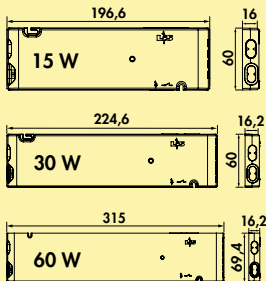

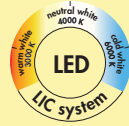

Individual lamp without switch

- 5.6 watt, 12 V.
- stepless control of the light colour from **2200 K** warm white to **6500 K** cold white
- very high light quality thanks to colour rendering index > 90
- optimal illumination of the work area through innovative lens optics technology and asymmetrical light
- memory function: the last setting is saved
- dimming function: brightness continuously dimmable
- max. 129 lumen/watt at **6500 K** cold white
- 1500 mm supply line, 350 mm connecting line
- LIC LED system compatible

This product contains a light source with the energy efficiency class E + F. Further colour change function converters and remote controls can be found in catalogue 1 page 268–270/24 EN.

7064335	black matt	80.08 €
---------	------------	---------

Expected to be available from November 2024.

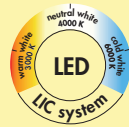

FW function converter

The FW function converter for colour change lighting systems.

- white
- 12 VDC
- max. 36 watt load per slot on the converter
- 2000 mm mains connection line
- **switchable by Bluetooth app (module 3) or by optionally available radio remote control**

7061286 module 2 (radio), 15 W, 4-way distributor	95.21 €
7061271 module 2 (radio), 30 W, 6-way distributor	121.26 €
7061273 module 2 (radio), 60 W, 6-way distributor	152.69 €
7061287 module 3 (Bluetooth + radio), 15 W, 4-way distributor	127.56 €
7061281 module 3 (Bluetooth + radio), 30 W, 6-way distributor	156.30 €
7061283 module 3 (Bluetooth + radio), 60 W, 6-way distributor	188.66 €

1-channel colour change remote control

- stepless control of the light colour
- dimming function
- auto memory: brightness and light temperature settings are saved
- one controller can be used for various colour change converters
- 8 x 90 x 50 mm (H x L x B)

7061285 white	53.61 €
----------------------	----------------

230 volt connecting line

For connecting several FW function converters.

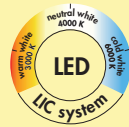

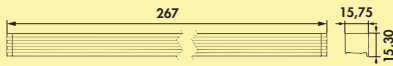

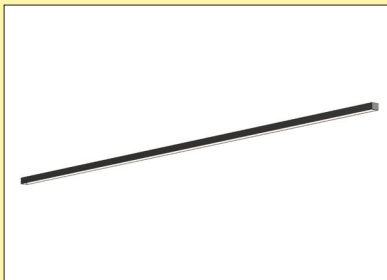

7061284 L 300 mm, white	3.28 €
--------------------------------	---------------

Distributor 6-fold

- for 12 VDC
- with 200 mm of supply line

7061244 black	6.97 €
----------------------	---------------

Brillante colour change LED

Lamp for mounting from below. Powder coated aluminium profile, with plastic cover black matt incl. LED Stripe.

Individual lamp without switch

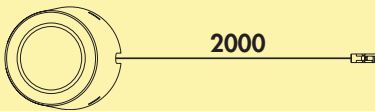

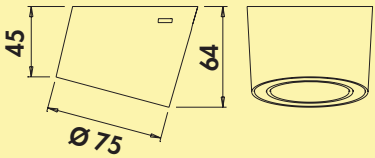

- 12 VDC
- stepless control of the light colour from **2200 K** warm white to **6500 K** cold white
- very high light quality thanks to colour rendering index > 90
- optimal illumination of the work area through innovative lens optics technology and asymmetrical light
- max. 129 lumen/watt at **6000 K** cold white
- 2000 mm supply line
- LIC LED system compatible

This product contains a light source with the energy efficiency class E.

Further colour change function converters and remote controls can be found in catalogue 1 page 268–270/24 EN.

7064340	L 267 mm, 3.8 W	54.62 €
7064341	L 367 mm, 5.3 W	68.07 €
7064342	L 467 mm, 6.9 W	76.47 €
7064343	L 567 mm, 8.4 W	83.19 €
7064344	L 767 mm, 11.5 W	105.88 €
7064345	L 867 mm, 12.9 W	116.81 €
7064346	L 967 mm, 14.5 W	129.41 €
7064347	L 1167 mm, 17.6 W	142.02 €

Expected to be available from November 2024.

Unika 1 colour change LED

Surface mounted lamp. Plastic body, round, Illumination without visible LED points.

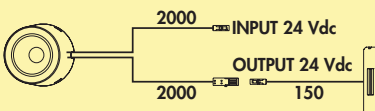

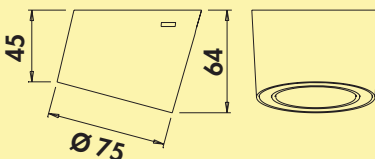

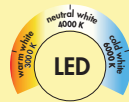

- 4,5 watts, 24 V
- Setting of the light colour to **2700 K** warm white or **3900 K** neutral white (only in conjunction with Unika 2 LED touch switch and dimmer, 7063369)
- memory function: the last setting is stored
- dimmer function: brightness continuously dimmable
- max. 80 lumen/watt
- 2000 mm supply line
- connection to LED converter (7062250 or 7062251)

This product contains a light source with the energy efficiency class E.

7063368 individual lamp without switch, black matt	65.55 €
7063381 individual lamp without switch, stainless steel col. NEW!	65.55 €

Optional accessories

7062252 LED connection line 24, white, L 2000 mm	4.71 €
---	---------------

Unika 2 colour change LED

Surface mounted lamp. Plastic body, round, Illumination without visible LED points with **integrated** touch switch.

Individual lamp with LED Touch switch and dimmer (w. LED Touch s. d.)

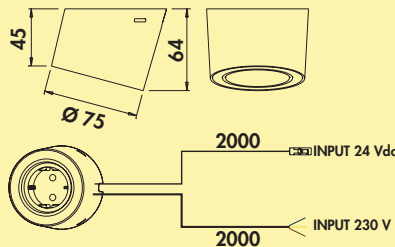

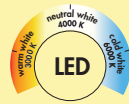

- 4,5 watts, 24 V
- setting of the the light colour to **2700 K** warm white or **3900 K** neutral white
- memory function: the last setting is stored
- dimmer function: brightness continuously dimmable
- max. 80 lumen/watt
- 2000 mm supply line
- connection to LED converter (7062250 or 7062251)

This product contains a light source with the energy efficiency class E.

7063369 single lamp w. LED Touch s. d., black matt	126.05 €
7063382 single lamp w. LED Touch s. d., stainless steel col. NEW!	126.05 €

Optional accessories

7062252 LED connection line 24, white, L 2000 mm	4.71 €
---	---------------

Unika 3 colour change LED

Surface mounted lamp. Plastic body, round, illumination without visible LED points with **integrated** socket.

- 4,5 watts, 24 V
- setting of the light colour to **2700 K** warm white or **3900 K** neutral white (only in combination with Unika 2 LED Touch switch and dimmer 7063369)
- memory function: the last setting is stored
- dimmer function: brightness continuously dimmable
- max. 80 lumen/watt
- socket 240 V/16 A
- 2000 mm supply line
- connection to LED converter (7062250 or 7062251)

This product contains a light source with the energy efficiency class E.

7063370 single lamp with earthed plug sockets, black matt **101.68 €**

7063383 single lamp with earthed plug sockets, stainless steel col. **NEW!** **101.68 €**

Optional accessories

7062252 LED connection line 24, white, L 2000 mm **4.71 €**

Unika 5 colour change LED

Surface-mounted lamp. Plastic housing, round, illumination without visible LED spots, with **integrated** double USB charger.

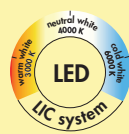

- lamp 4.5 watt, 24 V
- USB 20 watt, 24 V
- setting of the light colour to **2700 K** warm white or **4000 K** neutral white (only in combination with Unika 2 LED Touch switch and dimmer, 7063369)
- memory function: the last setting is saved
- dimming function: brightness continuously dimmable
- max. 80 lumen/watt
- 2 X USB charger type C, 5 VDC, 1A I out: 2 x 1000 mA
- 2000 mm supply line, 2 x 24 V
- connection to LED converter (7062250 or 7062251)

This product contains a light source with the energy efficiency class E.

Please bear in mind the 20 watt charger capacity at the converter!

7063380 luminaire individuel avec 2-fold USB C, black matt **123.95 €**

7063384 luminaire individuel avec 2-fold USB C, stainless-steel coloured **123.95 €**

Anelli colour change LED 2

Built-in lamp. Aluminium body. Illumination without visible LED points.

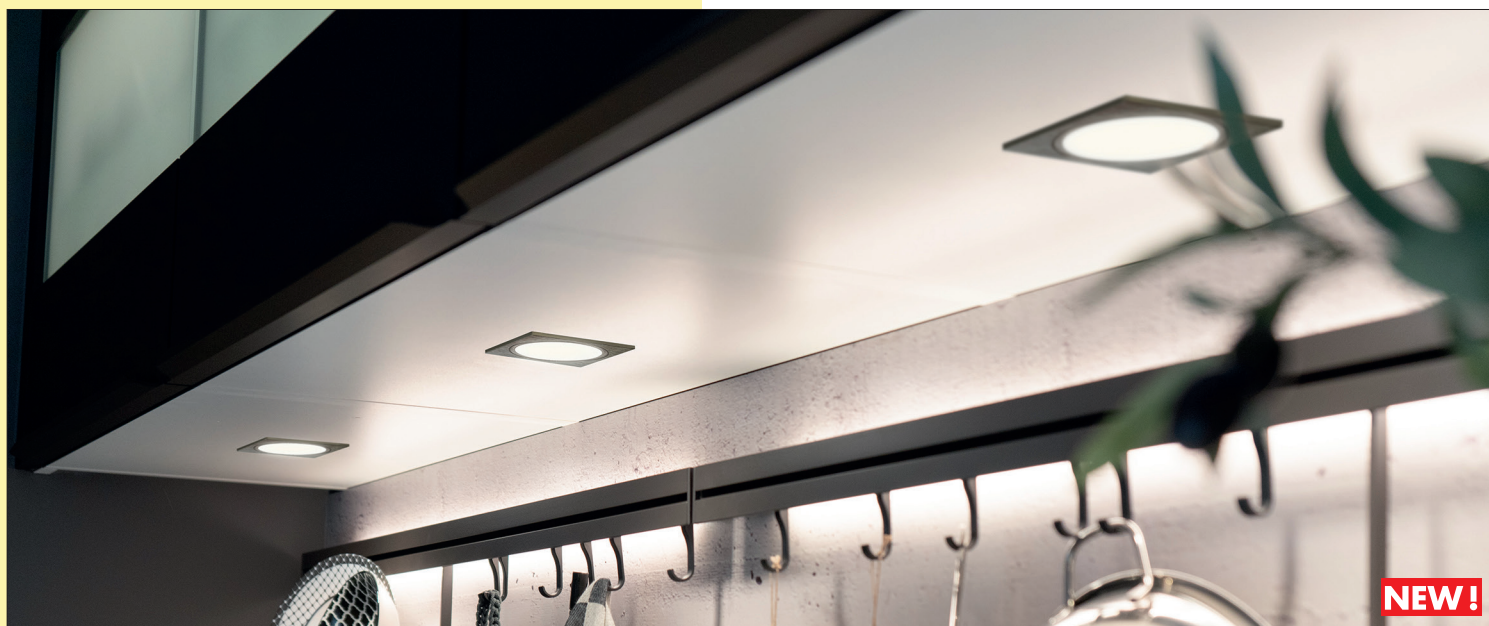

Individual lamp without switch

- 2,5 watts, **24 V**
- continuous control of the light colour from **2700 K** warm white to **6500 K** cold white
- dimmer function: brightness continuously dimmable
- max. 108 lumen/watt at **6500 K** cold white
- 1800 mm supply line
- drill Ø 68 mm
- installation depth 14 mm

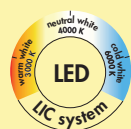

This product contains a light source of energy efficiency class D.

You can find the appropriate colour change function converters and remote controls here in the MEC Driver LED system.

7061374 individual lamp without switch, stainless-steel coloured	46.22 €
7061375 individual lamp without switch, black matt	46.22 €
Optional accessories	
7061376 Anelli mounting ring 2, stainless steel coloured, 13 mm	5.88 €
7061377 Anelli mounting ring 2, matt black, 13 mm	6.72 €
7061378 LED connection line, white	4.79 €

NEW!

Anelli colour change LED 3

Built-in lamp. Aluminium body. Illumination without visible LED points.

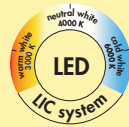

Individual lamp without switch

- 2,5 watts, 24 V
- continuous control of the light colour from 2700 K warm white to 6500 K cold white
- dimmer function: brightness continuously dimmable
- max. 119 lumen/watt at 6500 K cold white
- 1800 mm supply line
- drill Ø 68 mm
- installation depth 14 mm

This product contains a light source of energy efficiency class D.

You can find the appropriate colour change function converters and remote controls here in the MEC Driver LED system.

7061370	individual lamp without switch, stainless steel coloured	38.66 €
7061371	individual lamp without switch, black matt	38.66 €
Optional accessories		
7061372	Anelli mounting ring 3, stainless steel coloured, 15 mm	7.14 €
7061373	Anelli mounting ring 3, matt black, 15 mm	9.24 €
7061378	LED connection line, white	4.79 €

Andy colour change LED

Handle strip lighting. Aluminium housing with plastic corners. LED strip moulded in silicone, **non-self-adhesive**, can be shortened every 21 mm. Illumination without visible LED spots incl. mounting clips for handle strips.

Individual lamp

- 6.5 watt per meter, 12 V
- stepless control of the light colour from **2700 K** warm white to **6500 K** cold white
- max. 80 lumen/watt at **6500 K** cold white
- LED strip, feed from both sides
- 2000 mm supply line on both sides
- incl. 4 end caps (2 x left, 2 x right)
- incl. 8 clips (2 x 4 pieces)

This product contains a light source with the energy efficiency class G.

The matching colour change function converters and remote controls for individual lamps without switches can be found in catalogue 1 page 268–270/24 EN.

7063400 single lamp, L 1000 mm, stainless steel coloured	116.97 €
7063401 single lamp, L 1000 mm, black	121.01 €
7063402 single lamp, L 2000 mm, stainless steel coloured	181.01 €
7063403 single lamp, L 2000 mm, black	186.05 €

Optional accessories

7063406 Andy internal corners, stainless-steel coloured	4.54 €
7063407 Andy internal corners, black	4.54 €
7063404 Andy external angle, stainless-steel coloured	11.26 €
7063405 Andy external angle, black	11.26 €

Expected to be available from December 2024.

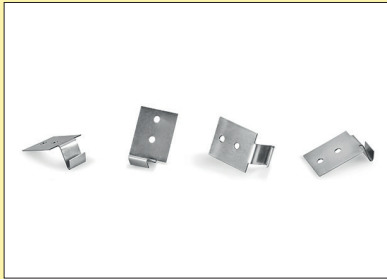

Andy end caps set

Set consisting of:

- 4 x end caps (2 x left, 2 x right)

7063410 stainless-steel coloured	12.44 €
7063411 black	12.44 €

Expected to be available from December 2024.

Andy mounting clips

Set consisting of:
– 2 x 4 clips

7063409

12.44 €

Expected to be available from December 2024.

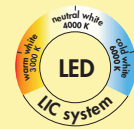

LED connection line

CE

– secondary for LED
– with mini plug-in system

7061049 white, L 2000 mm

4.03 €

Andy colour change LED strip

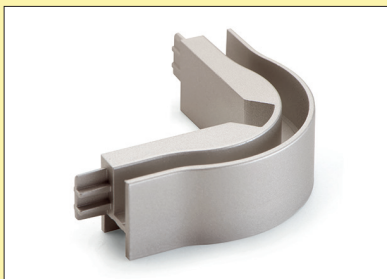

F M M CE

Flexible LED strips. LED moulded in silicone. For Andy handle strip lighting.
This product contains a light source with the energy efficiency class G.

7063408 L 2000 mm, 13 W/12 V

112.61 €

Expected to be available from December 2024.

Andy external angle

Plastic.

7063404 stainless-steel coloured

11.26 €

7063405 black

11.26 €

Expected to be available from December 2024.

Andy internal corners

Plastic.

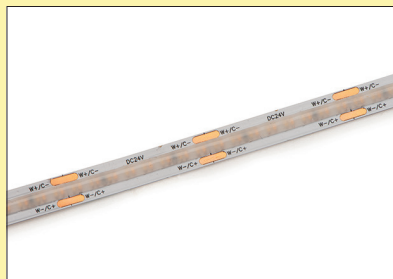

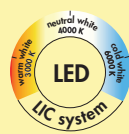

7063406 stainless-steel coloured

4.54 €

7063407 black

4.54 €

Expected to be available from December 2024.

LED strip COB FW

Flexible LED strips. Ambient light.

Flex Stripes

- 8 watt per meter, 12 VDC.
- stepless control of the light colour from **2700 K** warm white to **6500 K** cold white
- max. 100 lumen/watt at **6000 K** cold white
- 2000 mm supply line on both sides

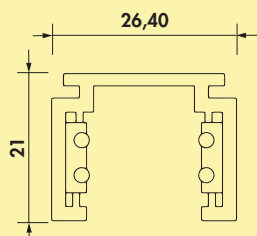

This product contains a light source with the energy efficiency class F.

The matching colour change function converters and remote controls can be found in catalogue 1 page 268–270/24 EN.

7063417	L 1500 mm, white	60.50 €
7063416	L 2600 mm, white	91.60 €

Expected to be available from November 2024.

NEW!

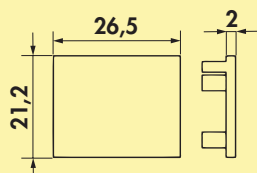

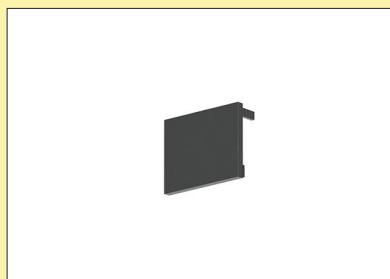

Easytrack rail

CE

Low-voltage busbar. Powder-coated aluminium housing. Can be cut to size.
 – 48 VDC
 – pre-drilled mounting holes for quick installation
 – safe installation and operation thanks to protective extra-low voltage (SELV 48 V)

7065077	L 1000 mm, black matt	59.41 €
7065078	L 1500 mm, black matt	83.70 €
7065079	L 2000 mm, black matt	111.60 €

Expected to be available from November 2024.

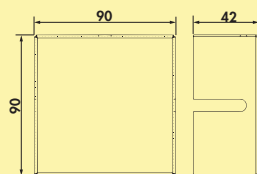

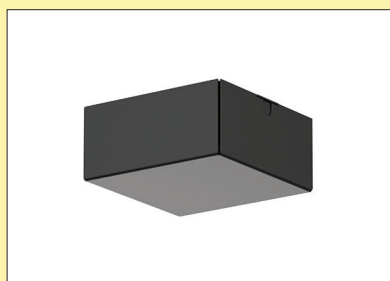

Easytrack end caps

CE

Plastic end caps for closing the front end of the Easytrack busbar.
 – 21.2 x 26.5 mm (H x D)
 – available only in PU of 2 pc.

7065080	black matt	3.82 €
---------	------------	--------

Expected to be available from November 2024.

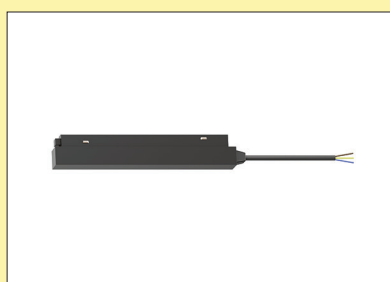

Easytrack connection box

CE

Connection box for Easytrack busbar.
 – powder-coated sheet steel
 – power supply 100 or 200 W
 – ceiling outlet 240 V to 48 V
 – 42 x 90 x 90 mm (H x W x D)
 – can be used as single-sided or double-sided feed-in (only in combination with flexible longitudinal connector)

7065081	black	85.55 €
---------	-------	---------

Expected to be available from November 2024.

Easytrack power supply

CE

Power supply for Easytrack busbar.
 – plastic
 – 100 or 200 watt
 – 23 x 26 mm (H x W)
 – clip-in mounting

Only use in combination with the connection box!

7065085	black, T 249,6 mm, 100 W	102.61 €
7065086	black, T 305 mm, 200 W	117.90 €

Expected to be available from November 2024.

Easytrack longitudinal connector

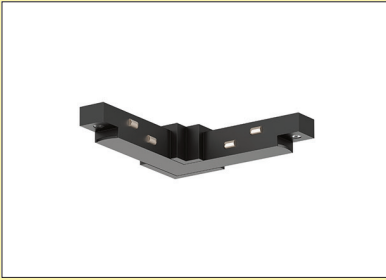

Longitudinal connector for Easytrack to extend the busbar.

- plastic
- 17 x 16 x 143 mm (H x W x D)
- clip-in mounting

7065082 black

26.89 €

Expected to be available from November 2024.

Easytrack L-connector

L-connector for Easytrack busbar.

- plastic
- 21 x 99.5 x 99.5 mm (H x W x D)
- clip-in mounting

7065083 black

26.89 €

Expected to be available from November 2024.

Easytrack T-connector

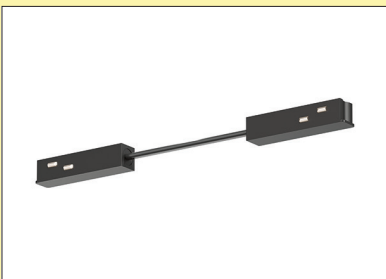

T-connector for Easytrack busbar.

- plastic
- 18 x 227 x 122 mm (H x W x D)
- clip-in mounting

7065084 black

50.00 €

Expected to be available from November 2024.

Easytrack flexible connector

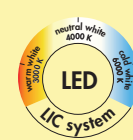

Flexible longitudinal connector. To extend the busbar if there is a connection box in between.

- plastic
- 17 x 16 x 272 mm (H x W x D)
- clip-in mounting

7065087 black

34.20 €

Expected to be available from November 2024.

Easytrack pendant S

Pendant light. Pendant S for Easytrack busbar. Powder-coated aluminium housing.

- 5 watt, 48 VDC
- L 300 mm, Ø 30 mm
- stepless control of the light colour from 2700 K warm white to 6000 K cold white
- very high light quality thanks to colour rendering index > 90
- max. 70 lumen/watt at 6000 K cold white
- pendant length incl. light continuously adjustable from 400 mm to 1600 mm
- with integrated ZigBee 3.0 controller

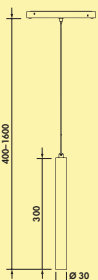

This product contains a light source with the energy efficiency class F.

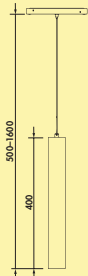

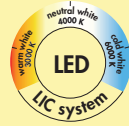

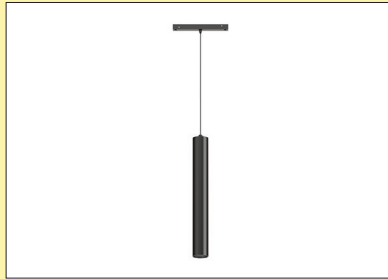

Tool-free click-in installation in the track. Held in place by a magnet or by additional mechanical locking!

7065074 black matt

221.43 €

Expected to be available from November 2024.

Easytrack pendant M

Pendant light. Pendant M for Easytrack busbar. Powder-coated aluminium housing.

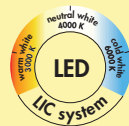

- 10 watt, 48 VDC
- L 400 mm, Ø 52 mm
- stepless control of the light colour from **2700 K** warm white to **6000 K** cold white
- very high light quality thanks to colour rendering index > 90
- max. 92 lumen/watt at **6000 K** cold white
- pendant length incl. light continuously adjustable from 500 mm to 1600 mm
- with integrated ZigBee 3.0 controller

This product contains a light source with the energy efficiency class F.

Tool-free click-in installation in the track. Held in place by a magnet or by additional mechanical locking!

7065075 black matt **241.18 €**

Expected to be available from November 2024.

Easytrack pendant G

Pendant light. Pendant Glass for Easytrack busbar. Aluminium housing powder coated, opal white glass globe.

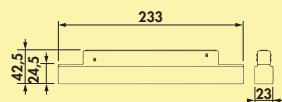

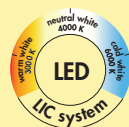

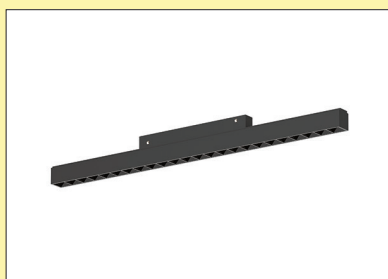

- 5 watt, 48 VDC
- stepless control of the light colour from **2700 K** warm white to **6000 K** cold white
- very high light quality thanks to colour rendering index > 90
- max. 144 lumen/watt at **6000 K** cold white
- pendant length incl. light 1100 mm (not adjustable)
- with integrated ZigBee 3.0 controller

This product contains a light source with the energy efficiency class D.

Tool-free click-in installation in the track. Held in place by a magnet or by additional mechanical locking!

7065076 black matt **253.78 €**

Expected to be available from November 2024.

Easytrack linear Light

Linear light for Easytrack busbar. Powder-coated aluminium housing.

- 48 VDC
- stepless control of the light colour from **2700 K** warm white to **6000 K** cold white
- very high light quality thanks to colour rendering index > 90
- max. 144 lumen/watt at **6000 K** cold white
- strong glare-free light (optical lenses) in modern raster optics
- Ideal for illuminating work surfaces (e.g. cooking island)
- with integrated ZigBee 3.0 controller

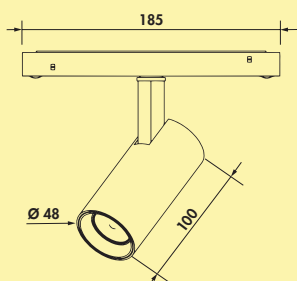

This product contains a light source with the energy efficiency class D.

Tool-free click-in installation in the track. Held in place by a magnet or by additional mechanical locking!

7065072 L 233 mm, 9.1 W, black matt **224.54 €**

7065073 L 460 mm, 18.1 W, black matt **255.55 €**

Expected to be available from November 2024.

Easytrack Spot

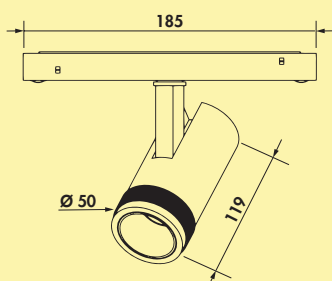

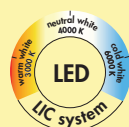

- Spotlight for Easytrack busbar. Powder-coated aluminium housing.
- 8.5 watt, 48 VDC
 - stepless control of the light colour from **2700 K** warm white to **6000 K** cold white
 - very high light quality thanks to colour rendering index > 90
 - max. 92 lumen/watt at **6000 K** cold white
 - rotating and swivelling
 - ideal for accentuation or functional lighting
 - light angle 24°
 - with integrated ZigBee 3.0 controller

This product contains a light source with the energy efficiency class F.

Tool-free click-in installation in the track. Held in place by a magnet or by additional mechanical locking!

7065070 black matt **211.09 €**

Expected to be available from November 2024.

Easytrack ZOOM Spot

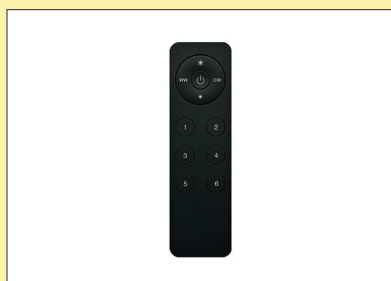

- Spotlight Zoom for Easytrack busbar. Powder-coated aluminium housing.
- 10.5 watt, 48 VDC
 - stepless control of the light colour from **2700 K** warm white to **6000 K** cold white
 - very high light quality thanks to colour rendering index > 90
 - max. 92 lumen/watt at **6000 K** cold white
 - rotating and swivelling
 - in addition, the beam angle can be continuously adjusted from 15–55°
 - ideal for accentuation or functional lighting
 - with integrated Zigbee 3.0 controller

This product contains a light source with the energy efficiency class F.

Tool-free click-in installation in the track. Held in place by a magnet or by additional mechanical locking!

7065071 black matt **269.58 €**

Expected to be available from November 2024.

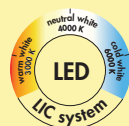

Easytrack remote control

- ZigBee 3.0
- Touchlink
- 6 channels

7064338 black **76.47 €**

Expected to be available from November 2024.

Expected to be available from November 2024.

Easytrack set Akzent

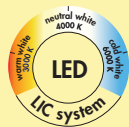

Easytrack rail system 2000 mm, 3 lights, black matt.

Set consisting of:

- 1 Easytrack rail 2000 mm, 7065079
- 1 Easytrack power supply, 7065085
- 1 Easytrack connection box, 7065081
- 1 Easytrack remote control, 7064338
- 1 Easytrack end caps, 7065080
- 3 Easytrack spotlights, 7065070

7065088 black matt **1003.19 €**

219.33 €

Expected to be available from November 2024.

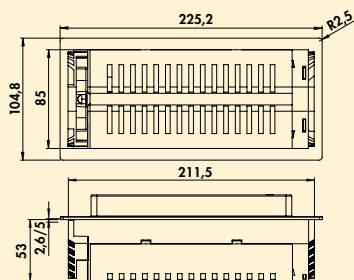

Evoline® BackFlip

When closed, Evoline® BackFlip is just a thin plate on the work surface. At the touch of a finger it turns by 180 degrees and shows its useful side: USB charger and socket are high enough above the plate that they are protected from water.

The installation depth is nevertheless only 53 mm, so it can also be mounted above drawers or devices.

Equipped with new surfaces, Evoline® BackFlip is available in glas black, lacquered black and stainless steel.

Evoline® BackFlip USB C

Socket element. 2-fold. Rotating with USB C charger (base station).

- installation depth 53 mm
- cut-out dimensions ca. 215 x 88 mm
- 1 x USB charger type C, 5 VDC, IA/I out: 2100 mA
- 2500 mm mains connection line, earthing contact plug enclosed loosely
- flush-mountable
- cable outlet back left

TopSwing

NEW!

Child-proof ease of use: the TopSwing folding table fitting provides a space-saving, flexible tabletop that can easily be lowered with just one hand. The top slides down smoothly from its vertical position on the wall, with the release mechanism positioned high enough that small children can't reach it. When opened, the fitting also acts as a table leg. This guarantees legroom and optimum stability.

TopSwing

Folding table fitting. **Without tabletops.** For tabletop width 600–800 mm.
 — black matt
 — load capacity max. 30 kg
 — for tabletop thickness 25 mm

3031065 height adapter, matt black **280.50 €**

Optional accessories

3031069 TopSwing height adapter, matt black **14.96 €**

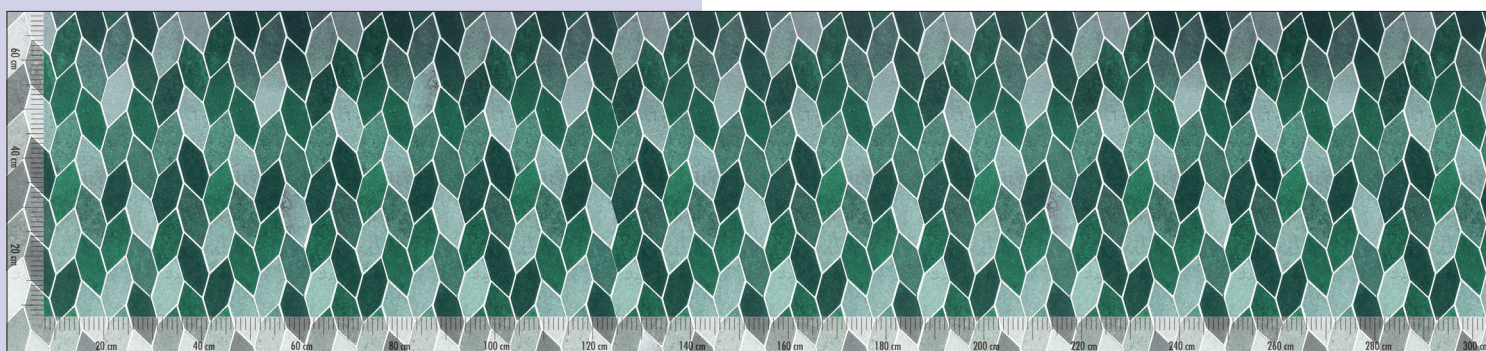

For formats outside of the width-to-height ratio of 1:4, cut-out consultation is required. The scale shown above is not printed on the niche rear wall.

VIVACE

Waste containers

Always positioned precisely where waste accumulates. Yet by no means a foreign body, they are an attractive part of the home or business ambience: the **VIVACE waste collectors**.

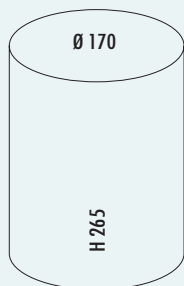

The shapes are varied and ingenious. Round shapes are central features in the room, create a harmonious effect and balance out edges and corners. Rectangular collectors fit snugly against walls and corners, making optimum use of the space available. All the shapes have more volume than the dimensions of the base suggest.

The sizes are as varied as the rooms and needs of the users. From the **cosmetics bin** with the smallest volume and the **Mini Master** for children's rooms or bathrooms to the double waste collector **Eco-collector** or the gigantic **Big Swing** for big quantities of waste - there is a wide choice of sizes and shapes.

The special charm: almost all models are available in a wide range of colours, from subtly understated to cheerful and lively.

The material is high-quality coated sheet steel. Anti-slip base structures provide stability, and built-in dampers mean that the lids close almost without a sound. Depending on the use, the inserts are made of plastic or metal. A sturdy foot pedal makes for easy operation and a firm grip when opening.

Clear design, reliable functionality, generous waste openings, odour-free sealing of the contents: quite simply the way waste collectors should be!

VIVACE

Outdoor

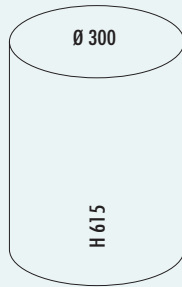

Where people gather outdoors, they often smoke. The **VIVACE ashtrays** have enough volume, look smart and, with their stability and functionality, are ideal for outdoor use. In shopping arcades, entrance areas, airports or restaurants, they also act as elegant eye-catchers and turn the necessary into something special.

The **VIVACE ashtrays** are available in either high-quality powder-coated sheet steel or stainless steel. With its attractive appearance and reliable functionality, the stand-alone model invites people to use it.

The wall ashtray in letterbox format for wall mounting can be locked on the side with a triangular socket wrench and is therefore particularly vandal-proof.

Good idea: the model **Big Ash** with an ashtray for filling with sand, sieve insert and 120 litres of waste volume. The large, coated roof protects the ashtray from the rain.

VIVACE

Storage

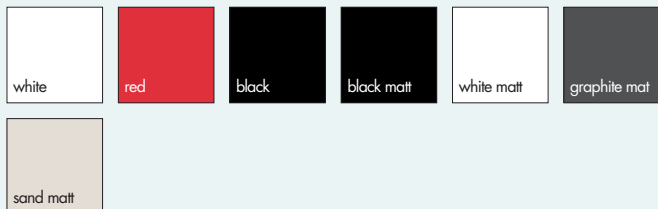

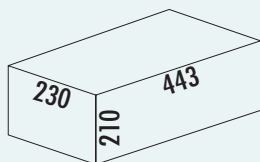

The fresh and hygienic storage of bread, rolls, pastries and many other things requires suitable storage containers. **VIVACE** provides intelligent optimised solutions!

The swing lid of the classic **Bread-boy** glides almost soundlessly up and back. The generous opening makes the handling of baked goods easier, while small ventilation holes provide optimum air circulation to keep them fresh for longer.

Grandy and **Single Grandy** are the ideal bread bins. Solid metal hinges give them reliable stability. Appealing colour combinations and rounded shapes are pleasing to the eye. The smallest model, the **Mini Grandy**, is also ideal for storing jewellery or medicines or for small toys in the children's room.

The retro centrepiece **Single Elly** is the perfect bread bin for small kitchens. The storage and biscuit tins of the **Classic Line** model provide an attractive companion in shape and colour. Their tight-fitting lids are ideal for storing perishable provisions such as coffee, sugar or flour.

Kitchen rolls and toilet rolls are stored stylishly and ready to use in the **VIVACE paper roll holder**. 11 colours make for a lively selection. And, as with all **VIVACE containers**, the high-quality powder-coated sheet steel makes for indestructible durability.

General Terms of Sale B2B

Version 01/2024

I. Scope of application

1. The following Terms of Sale shall apply for all contracts concluded between the purchaser and us concerning the delivery of goods if the purchaser is a company (§ 14 German Civil Code [Bürgerlichesgesetzbuch, BGB]). These Terms also apply for all future contracts concerning the delivery of goods even if they are not expressly mentioned again. Conflicting terms of the purchaser that we do not expressly recognize are not binding for us even if we do not expressly contradict such terms. The following Terms of Sale shall also then apply if we carry out the purchaser's order without reservation and with knowledge of the contradictory or differing terms of the purchaser.
2. All agreements that were entered into between the purchaser and us for performing the purchase contracts are documented in writing in the contracts. The parties shall confirm all oral agreements in writing. If contracts are set out in both the German and also a foreign language, in the case of a dispute, the German language version is determinative.

II. Offer and contract conclusion

1. We can accept a purchaser's order that is to be qualified as an offer to conclude a purchase contract within two weeks—for an order in the Naber dealer portal, 5 working days—by transmitting an order confirmation or by sending ordered products within the same time limit. The purchaser is bound to the purchaser's order for this time period.
2. Our offers are subject to change and nonbinding unless we have expressly identified them as binding.
3. All oral and written information concerning possible applications and the suitability of all goods are carried out to the best of our knowledge. However, this information only represents our historical experience, which cannot be deemed to be consistently warranted. This information does not form the basis for any claims against us. In particular, the purchaser is not relieved of the duty of ensuring by means of the purchaser's own inspection that the goods are suitable for the purchaser's intended use.
4. We reserve all rights of ownership, copyright and other industrial property rights in images, calculations, drawings, sample books, catalogs and other documents. The purchaser may only transfer these to a third-party with our prior written consent irrespective of whether we have designated these items to be confidential.

III. Payment terms

1. All prices apply ex works without packaging and must be paid in Euros if not otherwise set out in our order confirmation. The statutory value added tax is not included in our prices. This will be separately disclosed in the invoice at the statutory amount on the date of invoicing.
2. The purchase price is due 10 days after the invoice is sent (invoice date) less a 2% discount, otherwise net (without discount) 30 days after the invoice date provided that no different payment target follows from the order confirmation. A payment is not deemed to have taken place until the funds are available for our use. In the event of payments by check, the payment is not deemed to have taken place until the check is cashed. For new customers we reserve the right to deliver against cash on delivery less a 2% discount. For orders with a value of goods up to € 50.00 net, we reserve a minimum quantity surcharge of € 6.50. In the case of a contract included with an agreement of „advance payment“, the purchase price is due 10 days after the invoice date.
3. If the purchaser is in default in making payment, the statutory provisions shall apply (§ 288 BGB).
4. The purchaser is only entitled to set-off, even if a notice of defects or counterclaims are asserted, if the counterclaims have been conclusively adjudicated or are undisputed. The purchaser is only authorized to exercise a right of retention if the counterclaim is based on the same contractual relationship.
5. We reserve the right to request payment security and/or advance payments.
6. If the purchaser is in default of payment or if there is reasonable doubt concerning purchaser's ability to pay, we are entitled to declare all claims against purchaser as due for payment and/or to retain as yet outstanding deliveries in their entirety or in part or to withdraw from the existing contracts entirely.

IV. Delivery and performance times, liability for delivery delays

1. Delivery dates or time limits that have not been expressly agreed to be binding are solely non-binding declarations. The delivery time stated by us shall not commence prior to complete clarification of the order and clarification of all technical questions. The purchaser must likewise properly and timely fulfill all obligations incumbent upon purchaser.
2. Force majeure cases, e.g. labor disputes, civil unrest as well as other unforeseeable damaging events for which we are not responsible, extend the delivery time period for the duration of the disruption insofar as the disruption demonstrably influences our ability to render the service. This also applies if these circumstances occur for our suppliers. If the disruption lasts for longer than four weeks subsequent to the expiration of the originally agreed scheduled date, each contracting party can withdraw from the contract. The withdrawal extends to the part of the contract not yet fulfilled, unless the partial performance to be provided is not usable by purchaser. No compensatory damage

claims accrue to the purchaser from this situation.

3. If the underlying purchase contract involves a transaction for delivery by a fixed date within the meaning of the BGB or the Commercial Code (Handelsgesetzbuch, HGB), we are liable according to the statutory provisions. The same applies if the purchaser is entitled, as a consequence of a delayed delivery for which we are responsible, to assert the discontinuation of his interest in the further fulfillment of the contract. In this case our liability is limited to the foreseeable, typically occurring damages if the delayed delivery is not based on an intentional violation of the contract for which we are responsible. We shall likewise be liable to the purchaser for delayed delivery according to the statutory provisions if this delay is based on an intentional or grossly negligent violation of the contract for which we are responsible. Our liability is limited to the foreseeable, typically occurring damages if the delayed delivery is not based on an intentional violation of the contract for which we are responsible. In any case the occurrence of a delay requires a reminder notice from purchaser.
4. Otherwise, in the event of a delivery delay for which we are responsible, purchaser can request a flat amount of compensation in the amount of 0.5 % of the value of goods to be delivered, however a maximum of no more than 5 % of the value of goods to be delivered.
5. Any further liability for a delivery delay for which we are responsible is precluded.
6. We are at all times entitled to make partial deliveries and carry out partial performance insofar as this is reasonable for the customer.
7. In the case of an agreement for „advance payment“, we are not obligated to make the delivery until the funds invoiced are available for our use.

V. Transfer of risk, delay in acceptance, shipping/packaging

1. Loading and shipping are at the purchaser's risk. The regulations concerning a sale by delivery to a place other than the place of performance according to § 447 BGB shall apply even if the shipment is undertaken with our means of transport or by our employees.
2. We shall make every effort to take into consideration the wishes and interests of the purchaser with respect to the type of shipment and route; additional expenditures thereby required—also in the case of an agreed freight paid delivery—shall be at the purchaser's expense. A transportation insurance policy shall be concluded for the shipment if the purchaser expressly requests this with the order. The costs shall be billed to the purchaser and separately set out in the invoice.
3. We will not take back transportation packaging and all other packaging according to the packaging regulation; excepted from this are pallets. Purchaser must ensure the disposal of the packaging at its own expense.
4. If the shipment is delayed at the purchaser's request or due to the purchaser's fault, we will then store the goods at the expense and risk of purchaser. In this case a notice of readiness to dispatch is equivalent to shipment.
5. If the purchaser delays acceptance, we are then entitled to request compensation for the resulting damages and any additional expenditures. The same applies if the purchaser culpably violates duties of cooperation. With the occurrence of a delay in acceptance or the delayed payment of a debt on the part of the purchaser, the risk of accidental deterioration and loss of the goods passes to the purchaser.
6. We shall not assume any costs for returns that are not agreed with us in advance in writing or returns that are not expressly recognized as legitimate after evaluation of the reason for the return (e.g. incorrect delivery, defects, etc.). Should we incur costs for returns that are not agreed or not legitimate, we shall bill the purchaser/sender in the amount of the actually incurred third-party costs as well as our own costs.

VI. Warranty/liability

1. We do not assume any warranty for defects that arise due to natural wear and tear, faulty or negligent treatment, improper storage, inappropriate or improper use or nonobservance of the processing and use instructions. If the delivery takes place according to drawings, specifications, samples, etc. of purchaser, the purchaser assumes the risk of their suitability for the intended use.
2. The purchaser's claims for defects shall only exist if purchaser has properly complied with purchaser's duties of inspection and providing notice of defects. Therefore, purchaser is obligated to promptly provide notice of apparent defects in the goods upon receipt. In the case of hidden defects that purchaser cannot ascertain upon receipt of the goods, purchaser must promptly give notice of defects subsequent to their discovery.
3. In the case of a complaint, we are entitled at our option to request that purchaser send us the rejected goods for inspection or for subsequent performance or make the rejected goods available to us. We shall only bear the costs of this shipment in the case of a legitimate complaint.
4. In the case of a defect we are entitled to carry out the subsequent performance of our choice by means of a replacement delivery or by repairing the defective goods within a reasonable grace period. There is no duty of subsequent performance insofar as we are authorized to refuse subsequent performance on the basis of statutory provisions. In our selection of the type of subsequent performance, we must take into consideration the type of defect and the legitimate interests of

the purchaser. We shall bear the expenses necessary for the purpose of subsequent performance. We shall not bear the additional cost that arises thereby that the goods have been transported to a different location than the place of performance or the registered commercial offices of the ordering party unless this transport is in conformity with the intended use of the goods.

5. If the subsequent performance fails, purchaser can elect a decrease in the purchase price (reduction) or declare purchaser's withdrawal from the contract. If the purchaser withdraws from the contract, purchaser is not entitled to an additional claim for compensation for damages unless we are responsible for the defect due to intentional acts or gross negligence. If only part of the delivery of goods is defective, purchaser can only then withdraw from the entire contract if purchaser does not have any interest in the remaining part of the delivery.
6. Purchaser's claim for recourse by virtue of warranty claims and rights arising from consumer goods purchase contracts (§§ 474, 478 BGB), may only be asserted against us by purchaser to the extent that purchaser is obligated to satisfy warranty claims and rights towards purchaser's customers on the basis of statutory provisions. The claim for recourse against us is excluded to the extent that purchaser has a warranty or liability obligation towards purchaser's customers in the absence of a legal obligation, in particular, as a gesture of goodwill or on the basis of special assurances or guarantees of the purchaser.
7. The claims and rights owing to a defect in the goods may only be asserted by purchaser within the warranty period of twelve months after delivery of the goods. This does not apply for claims and rights for which longer notice periods are mandatorily prescribed according to § 438 paragraph 1 No. 2 BGB for construction, and objects for construction (construction materials) or according to § 445b BGB for the recourse claims of a company.
8. We are liable according to statutory provisions for damages to life, the body and health that are based on a negligent or intentional violation of duties by us or our legal representatives or our vicarious agents as well as for damages that are encompassed by liability under the Product Liability Act. We are liable according to statutory provisions for damages that are not comprehended by sentence 1 and that are based on intentional or grossly negligent contract violations as well as deceit by us, our legal representative or our vicarious agents. However, in this case the liability for compensatory damages is limited to foreseeable, typically occurring damages insofar as we, our legal representative or our vicarious agents did not act intentionally. To the extent that we have provided a guarantee of quality and/or durability with reference to the goods or parts thereof, we shall also be liable within the framework of this guarantee. However, for damages that are based on a lack of quality or durability as guaranteed, but that do not occur directly with regard to the goods, we are only then liable if the risk of such damages is obviously comprehended by the guarantee of quality and durability.
9. We are also liable for damages that are caused by simple negligence insofar as the negligence is related to the violation of those contractual obligations the observance of which are of particular importance for achieving the purpose of the contract (material obligations). In this case, however, our liability is restricted to typically foreseeable damages.
10. Any further liability is excluded without considering the legal nature of the claim asserted; this also applies in particular for tort claims, for claims for reimbursement of futile expenditures in place of performance, or for compensation claims for lost profits. Insofar as our liability is excluded or limited, this shall also apply for the personal liability of our personnel, employees, staff, representatives and vicarious agents.
11. Purchaser's compensatory damage claims on account of a defect are time-barred one year after delivery of the goods. This shall not apply in the case of injuries to life, the body, or health for which we, our legal representatives or our vicarious agents are at fault or if we or our legal representatives have acted in an intentional or grossly negligent manner, or if our ordinary vicarious agents have acted intentionally.
12. Our sales representatives and commercial agents are not authorized to make legally binding statements with regard to defects and warranty claims for us.

VII. Retention of Title

1. a) The delivered goods (goods subject to retention of title) remain our property (extended retention of title) until all claims are satisfied against the purchaser, including all outstanding balance claims from a current account to which we are entitled arising from the order and the entire business relationship.
1. b) To the extent that an extended retention of title is not applicable in the country in which the purchaser has its registered office, the delivered goods remain our property (ordinary retention of title) until all claims to which we are entitled against the purchaser from the respective order have been satisfied, including taxes, charges or transportation costs.
2. In the case of purchaser's conduct contrary to the contract, e.g. delayed payment, we are entitled to take back the goods subject to retention of title after setting a reasonable time limit in advance; if it is unnecessary to set a time limit according to the provisions of the law, we are also entitled to demand the return of the goods subject to a retention of title without a grace period. If we take back the goods subject to a retention of title, this represents a withdrawal from the contract. If we levy execution against the goods subject to a retention of title, this is a withdrawal from the contract. We are entitled to realize on the sale of the goods subject to a retention of title subsequent to taking them back. After deducting a reasonable amount for the cost of realizing the sale, the proceeds from the sale shall be settled against the amounts owed to us by purchaser.
3. Purchaser shall treat the goods subject to a retention of title with care and sufficiently insure these

goods at their original value against losses due to fire, water damage and theft. Maintenance and inspection work that become necessary must be timely carried out by purchaser at purchaser's expense.

4. The purchaser is authorized to sell and/or use the goods subject to a retention of title in the ordinary course of business as long as purchaser is not in default in payment. Pledging and transfers by way of security are impermissible. Claims arising from resale of the processed or unprocessed goods subject to a retention of title, or arising for another legal reason (insurance, unlawful acts) with respect to the goods subject to a retention of title (including all outstanding balance claims from a current account) are already transferred by purchaser to us as security in the amount of the final invoice amount (including VAT) for our claims against the purchaser; we hereby accept the assignment. We revocably authorize purchaser to collect the claims assigned to us in the name of purchaser and for purchaser's account. This collection authorization can be revoked at any time if purchaser does not properly comply with purchaser's payment obligations.
5. For the purpose of assigning this claim, purchaser is also not authorized to collect claims by way of factoring unless an obligation of the factoring party is at the same time created to directly effectuate payment of consideration to us in the amount of the claims for as long as our claims against the purchaser exist.
6. Processing or reshaping the goods subject to a retention of title by purchaser shall in any case be undertaken for us. If the goods subject to a retention of title are processed with other items not owned by us, we shall acquire joint ownership in the new item proportional to the value of the goods subject to a retention of title (final invoice amount including value added tax) along with the other processed items on the date of processing. The same shall apply for the new item emerging from the processing as for the goods subject to a retention of title. In the case of the inseparable combination of the goods subject to a retention of title with other items not owned by us, we shall acquire joint ownership in the new item proportional to the value of the goods subject to a retention of title (final invoice amount including value added tax) along with the other combined items on the date on which they are combined. If the purchaser's item is to be viewed as the primary item as a consequence of this combining, the purchaser and we agree that purchaser transfers proportional joint ownership to us in the item; we hereby accept this transfer. Purchaser shall preserve the sole or joint ownership in the item arising in this manner for us.
7. In the event of attachment by third parties against the goods subject to a retention of title, in particular, levies of execution, purchaser shall call attention to our ownership and immediately inform us so that we may enforce our rights of ownership. To the extent that the third-party is not in the position to reimburse us for the court and out-of-court expenses arising in this connection, purchaser is liable therefor.
8. We are obligated to release the security to which we are entitled to the extent that the realizable value of our security exceeds the claims to be secured by more than 10%; in so doing, the selection of the security to be released is at our discretion.

VIII. Images and dimensions

Images, technical information and dimensions in brochures and price lists shall not be deemed to be a binding agreement and not a promised characteristic. These only represent approximate values. Binding information can be provided in an individual case upon request. Special suitability may not be taken from the images and dimensions. We expressly reserve the right to make modifications.

IX. Place of performance, venue, applicable law

1. The place of performance for deliveries and payments (including actions regarding checks and bills of exchange), is, if not otherwise expressly specified, our registered office in Nordhorn.
2. The exclusive local jurisdiction and international court of competent jurisdiction is in the location of our registered office in Nordhorn (Germany). However, we are also authorized to sue the purchaser in purchaser's place of general jurisdiction (domicile or registered office).
3. The business relations between the contracting parties are regulated exclusively according to the law applicable in the Federal Republic of Germany excluding international private law (Introductory Statute to the Civil Code [Einführungsgesetz zum Bürgerlichen Gesetzbuch], EGBGB). The application of the UN Convention on Contracts for the International Sale of Goods is excluded.
4. Should a provision of these general Terms of Sale (or within the framework of other agreements) be or become invalid or unenforceable entirely or in part, this shall not affect the validity of all other provisions or agreements. The contracting parties hereby commit to replace the invalid or unenforceable provision or agreement with a valid or enforceable provision or agreement most closely in conformity with the commercial provisions.
5. The headings for the individual regulations of these delivery and payment terms only serve to provide a better orientation and do not have any independent substantive content and no legal significance.
6. The purchaser's data related to the business transactions with purchaser shall be processed according to the Federal Data Protection Act.

X. Precedence of the German version

If these Terms of Sale exist in different languages, the German version is solely decisive for clarifying questions of interpretation.
